^{*}Collectively, these comprise the Manager's Report.

for the half year ended 30 June 2025 (unaudited)

On behalf of the Board, I have pleasure in presenting the Interim and Unaudited Financial Statements of the COIF Charities Ethical Investment Fund (the Fund), which includes a separate report from CCLA Investment Management Limited (the Investment Manager) as Investment Manager of the Fund.

Structure and management of the Fund

The Fund is a Common Investment Fund established and regulated by the Scheme dated 8 October 2009 and made under section 24 of the Charities Act 1993, now section 96 of the Charities Act 2011 and amended by resolutions of the charity trustees of the Fund dated 21 July 2014, 22 July 2014, 5 December 2015 and 15 May 2017 (the Scheme). The Fund is managed by CCLA Fund Managers Limited (the Manager) as an unregulated collective investment scheme and as a UK alternative investment fund in accordance with the Financial Conduct Authority Regulations and the Alternative Investment Fund Managers Directive (AIFMD) Legislation.

The Board, created under the Scheme, is made up of individuals appointed under the Scheme. Together, these individuals have wide experience of finance, investments and charities. No Board member is required to be approved by the Financial Conduct Authority because the Board does not carry out regulated activities in relation to the Fund. The COIF Board appoints the Manager who is responsible

for all the investment management and administration services in relation to the Fund including the day to day management of the Fund. The Manager is also responsible for the risk management of the Fund. The Investment Manager (CCLA Investment Management Limited) has been appointed by the Manager to provide portfolio management, administrative and secretarial services to the Fund under the Investment Management Agreement. The Board meets at least four times per annum to receive reports and monitor the progress of the Fund.

The Board is responsible for setting and subsequently reviewing the investment policy of the Fund, monitoring performance, appointing the Auditors to the Fund and agreeing the fees charged by the Depositary, the Manager and the Auditors.

The Trustee and Depositary, HSBC Bank plc, appointed under the Scheme is responsible for the supervision and oversight of the Manager's compliance with the Scheme and Scheme Particulars and also for the custody and safekeeping of the property of the Fund. It is also responsible for the appointment and supervision of the Registrar of the Fund. The division between management and Depositary functions provides an additional layer of protection for Unitholders. The Board, Trustee and Manager are considered Charity Trustees of the Fund within the meaning of the

for the half year ended 30 June 2025 (unaudited)

Charities Act 2011. From 20 November 2023, CCLA appointed FNZ TA Services Limited (FNZ) as its transfer agent. As transfer agent, FNZ now process all transactions in units of the fund, record changes to client static information on behalf of CCLA and facilitate the payment of income distributions.

As part of the outsourcing arrangement, a number of changes were made to the Fund, including:

- change in dealing frequency, from weekly to daily;
- changes to the valuation point and dealing deadline to receive dealing instructions; and
- · change to pricing mechanism, from dual priced (bid/offer) to single 'swing' pricing for both buy and sell instructions.

Disappointingly, the transition was not as smooth as CCLA had expected and tested for. This resulted in a period where we fell behind our usually high standards of administration and reporting. Performance has improved and we continue to work tirelessly to ensure we return to the service levels our clients expect from us. The Board have been kept fully informed and understand the difficulties experienced by CCLA and COIF's clients.

Investment objective

The Fund aims to provide a long-term total return comprising growth in capital and income.

Target Benchmark

A long-term total return before costs of 5% per annum net of inflation as measured by the increase in the Consumer Price Index.

Investment policy

The Fund is an actively managed, diversified portfolio of assets designed to help protect both present and future beneficiaries from the effects of inflation. It will have an emphasis on equities, but will also include property, bonds and other asset classes.

The Fund has a wide range of ethical restrictions and is advised by an advisory committee that identifies potential areas of policy development and refinement of the Fund's client-driven ethical investment policy.

Distribution policy

The Fund has the capacity to make distributions from both income and capital. The annual rate of distribution is approved by the Board in discussions with the Manager.

In addition, if a distribution made in relation to any Income Units remains unclaimed over the subsequent three accounting periods for which distributions are made for those Units, the Manager may, at its discretion, re-invest that distribution. If a distribution made in relation to any Income Units remains unclaimed for a period of six years after it has become due, it may be forfeited and will revert to the Fund.

for the half year ended 30 June 2025 (unaudited)

Target investors

The Fund is intended for eligible charity investors, with at least a basic knowledge of relevant financial instruments, which are seeking to invest in an actively managed fund that reflects the investment objective and investment policy of the Fund. Investors should be looking to invest for at least five years and understand that their capital may be at risk, have the ability bear losses and appreciate that the value of their investment and any derived income may fall as well as rise. Please note that the Manager is not required to assess the suitability or appropriateness of the Fund against each investor. Investors may be either retail or professional clients (both per se and elective).

Review of investment activities and policies of the Fund

The Board met quarterly during the period to carry out its responsibility for the approval of investment strategy, for setting distribution policy, to monitor investment diversification, suitability and risk and to review the performance of the Fund. In addition, the Board reviewed the administration, expenses and pricing of the Fund.

The Board is aware that investment performance was disappointing in relative terms during 2025 against the Comparator Benchmark and this has been discussed in detail with both the investment team and senior CCLA management. Without being at all complacent, the Board notes that long-term performance over 10 years remains encouraging in both absolute and relative terms.

The Board reviewed the progress of the Manager and approved the valuation of the investments in the Fund, which are included within the portfolio statement of these Financial Statements.

During the period, the Board also met quarterly with the Manager to review the investments, transactions and policies of the Fund.

The Investment Manager's report, which appears later, provides further details.

The Board evaluates the capability of the Manager (CCLA Fund Managers Limited) and is carefully monitoring its performance, resources and structure.

In terms of other matters, the Board is pleased to report that CCLA won a tax reclaim from HMRC regarding VAT charged on management fees in the period immediately before Brexit. HMRC are not appealing the decision and the exact amount to be credited to the fund is still being agreed with HMRC but likely to be in the region of £2.6 million.

Sustainable investment label

This product does not have a UK sustainable investment label. Sustainable investment labels help investors find products that have a specific sustainability goal. The fund does not use a sustainable investment label because it does not have a sustainability goal.

for the half year ended 30 June 2025 (unaudited)

Sustainability approach

The listed equities held in the fund are managed in line with CCLA's 'Act, Assess, Align' approach to sustainability. Other assets are managed in line with the 'Align' approach as set out in the values-based investment restrictions. The 'Act, Assess, Align' approach includes:

- acting as an agent for 'change', because investment markets can only ever be as healthy as the environment and communities that support them
- · assessing the environmental, social, and governance standards of listed equities with the aim of avoiding investment in companies that are deemed by CCLA as having an unacceptable social or environmental impact and supporting the financial returns of the fund
- investing in a way that we believe is aligned with the values of our clients. The fund is managed in line with values-based investment restrictions that have been set by CCLA. The restrictions that apply to the fund are set out in the scheme particulars.

These restrictions are applied in accordance with our values-based screening policy (which also sets out how we consider the eligibility of thirdparty managed funds) and are implemented based upon data points selected by CCLA.

In addition, the fund is managed in line with CCLA's goal to achieve net-zero emission the listed equity proportion of portfolios no later than 2050. See the climate action section on our website for our approach to net-zero listed equity portfolios.

Climate-related financial disclosures

CCLA recognises that the investments within the Fund have an impact on the health of the climate. Equally, climate change could influence the performance of investments in the Fund because healthy markets need a healthy planet and healthy communities. CCLA produces a TCFD Product Report for each fund it manages, which are consistent with the recommendations issued by the Task Force on Climate-related Financial Disclosures (TCFD). The TCFD Product Reports are designed to help you understand how the Fund is exposed to climate-related risks.

Copies of the following fund documents: Approach to sustainability, Investment Restrictions, and TCFD report can be found at www.ccla.co.uk/funds/coif-charities-ethicalinvestment-fund

CCLA's values based screening policy can be found at www.ccla.co.uk/about-us/policiesand-reports

for the half year ended 30 June 2025 (unaudited)

Controls and risk management

The Board receives and considers regular reports from CCLA. Ad hoc reports and information are supplied to the Board as required. CCLA has established an internal control framework to provide reasonable, but not absolute, assurance on the effectiveness of the internal controls operated on behalf of its clients. The effectiveness of the internal controls is assessed by the directors and senior management of CCLA on a continuing basis.

During the period, the Board, assisted by CCLA, reviewed the Fund's systems of internal controls and risk reporting.

Possible Future Developments

The COIF Board, in conjunction with the Manager, have been considering the advantages and disadvantages of moving from a Common Investment Fund (CIF), the current arrangement as explained on page 3 of this Interim Report, to a Charities Authorised Investment Fund (CAIF), a new investment vehicle which has specifically been designed by the FCA for the charity sector, to which the assets and liabilities of this entity could be transferred. The Board notes in this regard that many fund managers operating in the UK Charities sector have already made this change.

A formal decision has not been made by the Board to transition existing assets from a CIF to a CAIF so nothing, as yet, has been communicated to unitholders. However, the transition is expected to happen in 2026. On completion of the transfer, the COIF Charities Ethical Investment Fund would cease operations and be wound up, with the investors' existing holdings in the existing CIF being replaced with their equivalent in the new CAIF. The Board therefore concluded that the COIF Charities Ethical Investment Fund's financial statements are to be prepared on a basis other than going concern.

The Board would like to stress that any costs associated with a transition are expected to be rigorously contained and that the Board will work with the Manager to ensure this occurs in practice.

On 10 July 2025, it was announced that CCLA would be acquired by Jupiter Fund Management plc ('Jupiter'), subject to regulatory approval. CCLA will become part of Jupiter, retaining the CCLA branding, investment, and client service approach.

for the half year ended 30 June 2025 (unaudited)

CCLA's teams will continue to focus on delivering investment returns and outstanding client service to all CCLA clients regardless of their size. CCLA also retains its mission, its stewardship activities, and its drive to build a better world. At the same time however, CCLA stands to benefit from Jupiter's strength and resources. Jupiter's investment capabilities, including its 100 plus investment professionals, will add support to CCLA's existing investment team and product range.

CCLA remains committed to serving churches, charities and local authorities.

N Morecroft Chair 30 September 2025

REPORT OF THE INVESTMENT MANAGER

for the half year ended 30 June 2025 (unaudited)

Strategy

When constructing portfolios, we aim to achieve real returns, in this case consumer price (CPI) inflation +5%, gross of fees. Our asset allocation is set according to our assumptions for the real returns of different asset classes, as well as the correlations between those returns. Throughout, we aim to provide a diversified and well-balanced spread of investments.

Through direct participation in economic growth, we expect equities (company shares) to provide most of the long-term increase in the fund's capital value. We invest in global, listed equities with an emphasis on quality companies, with acceptable standards of governance and clear growth drivers.

REPORT OF THE INVESTMENT MANAGER for the half year ended 30 June 2025 (unaudited)

Other assets held by the Fund may include UK commercial property, government and non-government bonds, private equity and infrastructure. Infrastructure assets are those that support social and economic activity, such as clean power generation, health and public service facilities, transport and social housing.

Performance

Over the six months under review, the Fund's total return was -2.63%, after costs and expenses. This compares with the Fund's target benchmark of 4.90%, to which no fees apply. The Fund's target benchmark of CPI+5% per annum, is a long-term objective. Returns in any one period may be higher or lower than that level, as inflation and investment market returns vary through the economic cycle.

To help investors' understanding of the portfolio's performance in different market conditions, we also report the Fund's returns in each reporting period against those of a comparator benchmark. This comparator benchmark rose 0.82% during the six months under review. The Fund's performance kept pace with the comparator benchmark until the end of April. But it lagged as cyclical shares, of which the fund owns fewer, outperformed in May and June.

In absolute terms, positive returns from our fixed-income and property holdings were the main contributors to returns, but equities and infrastructure declined in value. The weakest returns were seen in healthcare, notably life science tools company Avantor and clinical development firm ICON. By contrast, the Fund's share positions in the financial sector, such as marketplace Deutsche Boerse, and software holdings Microsoft and Intuit performed well.

On a relative basis, versus the Fund's comparator benchmark, the fund's selection among health care firms was the main detractor from performance, followed by financial firms, primarily driven by our underweight to banks. But the fund's positioning in consumer sectors was a positive, notably our holdings in retailers such as O'Reilly and the avoidance of Tesla.

Economic and Market Review

The stock market ended 2024 with high valuations, and with optimism after President Trump's election. Many investors assumed that share prices would continue their march higher, led by the so-called 'Magnificent 7' companies¹. Many expected the Trump administration to cut taxes and deregulate the economy. They assumed that the tariffs Trump had announced were mostly negotiating tools.

Apple, Google parent Alphabet, Amazon, Facebook parent Meta Platforms, Microsoft, NVIDIA and Tesla

REPORT OF THE INVESTMENT MANAGER for the half year ended 30 June 2025 (unaudited)

The six months under review, however, were a tale of two halves.

In January 2025, share prices started to move lower. Technology stocks led that decline, after Chinese firm DeepSeek released an AI (artificial intelligence) tool as powerful as those of its US competitors, but reportedly developed at a fraction of the cost. As a result, the S&P500 index fell by more than 4% in the first quarter of the year.

Secondly, President Trump triggered significant uncertainty. In the first weeks of his presidency, investors and policymakers like the Fed took a wait-and-see approach to his statements on immigration, government efficiency, and annexing e.g. Greenland. But gradually, the ad-hoc nature of his decisions, particularly on tariffs, started to weigh on share prices. In the end, the tariffs that Trump announced from 2 April brought US share prices to a 14-month low.

Share prices started to recover from their April lows after President Trump announced a 90-day pause in tariffs on 9 April. And company earnings continued to grow at an annual rate of nearly 10% in the six months under review. This steady growth helped a bullish, risk-on narrative take hold. By the end of the six months under review, share prices were back near the alltime highs at which they had started the year. Shares in cyclical sectors, such as technology and luxury goods, outperformed defensive sectors, such as consumer staples.

Throughout the six months under review, economic growth slowed but remained supportive of share prices. In the US, the domestic economy added between 102,000 and 158,000 non-farm jobs in each of the six months under review. Investors expect America's central bank, the Federal Reserve, to cut interest rates twice by the end of the year. In the UK, the Bank of England (BoE) cut interest rates twice, in February and May, forecasting that inflation would fall from 3.6%, year on year (yoy) in June 2025 to the Bank's 2% target by 2027.

Short-dated interest rates fell in the US, Europe and the UK, as central banks cut interest rates or were expected to. But investors increasingly expected government debt to rise in coming years.

In the US, the Congressional Budget Office expects that President Trump's 'One Big Beautiful Bill' will raise US government debt by c. \$3.4 trillion over the next ten years. In the UK, the Office of Budget Responsibility warned that the UK finances are in an unsustainable position in the long run. And in Germany, newly elected prime minister Friedrich Merz relaxed his government's debt restrictions and announced a €500 billion increase in defence spending. Those forecasts for increased government spending raised long-dated bond yields almost everywhere.

REPORT OF THE INVESTMENT MANAGER for the half year ended 30 June 2025 (unaudited)

Outlook

We reduced the equity exposure in our multiasset portfolios during March, on the basis that President Trump's tariffs would endanger corporate earnings growth. But after President Trump's backtracking on tariffs in April, we increased our portfolios' equity exposure again: peak policy uncertainty appeared behind us, and US tariffs likely to be significantly lower than those first announced.

At the end of the six months under review, President Trump's deadline for tariff negotiations is the next big event in investors' calendars. The end of his tariff pause may trigger volatility but, in our opinion, the fundamentals of the assets in which we invest are solid. For example: we expect the earnings growth of the companies in the S&P 500 index to remain stable, from 9.3%, yoy, in the first quarter of 2025, to 9.1%, yoy, by the fourth quarter. That growth rate is high enough, in our opinion, to support the current, c.22x forward price-earnings ratio (P/E) of the index, even if this P/E is high in historical perspective.

In addition, the geopolitical environment appears to be improving. A trade deal between the US and China has been credibly rumoured. And US Commerce Secretary Howard Lutnick has suggested that trade agreements with c.10 other countries are close to being signed.

Our defensive positioning has been challenged during the market's second-quarter rebound, but the fund continues to have exposure to, in our view, compelling long-term trends and to businesses with robust financial metrics.

C Ryland Head of Investment CCLA Investment Management Limited 30 September 2025

REPORT OF THE INVESTMENT MANAGER

When a stock has both purchases and sales in the reporting period, these transactions have been netted and the net amount has been reflected as either a net purchase or net sale in the table above.

Risk warning

Past performance is not a reliable indicator of future results. The price of the Fund's Units and any income distributions from them may fall as well as rise and an investor may not get back the amount originally invested.

The Fund's Units are intended only for long-term investment and are not suitable for money liable to be spent in the near future. Shares are realisable on each dealing day only.

The Fund may invest in emerging market countries which could be subject to political and economic change.

The Fund may invest in collective investment schemes and other assets which may be illiquid. These include limited partnerships and other unquoted investments where valuations are open to substantial subjectivity. The Fund may also invest in the COIF Charities Property Fund, which invests directly in property and property related assets which are valued by an independent valuer and as such are open to substantial subjectivity. The performance of this Fund may be adversely affected by a downturn in the property market which could impact on the capital and/or income value of this Fund.

SUMMARY RISK INDICATOR

The UK PRIIPs Regulation requirements set out detailed guidelines for the calculation of the risk ratings of products to be portrayed through a summary risk indicator. It is intended to be a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because the Manager is not able to pay you. The risk of the product may be significantly higher than the one represented in the summary risk indicator where the product is not held for the Recommended Holding Period.

The Manager has classified the COIF Charities Ethical Investment Fund as 4 out of 7, which is a medium risk class. This rates the potential losses from future performance at a medium level and poor market conditions could impact the Manager's capacity to pay you. This classification is not guaranteed and may change over time and may not be a reliable indication of the future risk profile of the Fund. The lowest category does not mean risk free.

The summary risk indicator assumes investment in the Fund for the Recommended Holding Period of five years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.

Investors can request redemption at any time and the Fund deals on a daily basis. The Fund does not include any protection from future market performance, so you could lose some or all of your investment.

A more detailed description of risk factors that apply to this product is set out in the latest Scheme Particulars, which is available on CCLA's website or by request.

Approved on behalf of the Board 30 September 2025

N Morecroft, Chair

The note on pages 26 to 27 and the distribution tables on page 28 form part of these financial statements.

NOTE TO THE FINANCIAL STATEMENTS

for the half year ended 30 June 2025 (unaudited)

Accounting policies

Basis of preparation

The financial statements have been prepared on a basis other than that of a going concern, as a result of the COIF Board's decision to wind up the Fund. This basis includes, where applicable, writing the Fund's assets down to net realisable value. No provision has been made for the future cost of terminating the Fund unless such costs were committed at the reporting date. Further, appropriate accounting policies, consistently applied and supported by reasonable and prudent judgements and estimates, have been used in the preparation of these financial statements and applicable accounting standards have been followed.

The financial statements have been prepared in compliance with United Kingdom Generally Accepted Accounting Practice including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice), the Charities Act 2011, and Alternative Investment Fund Managers Directive (AIFMD). The financial statements have been prepared under the historical cost basis, as modified by the revaluation of investments.

The Fund is exempt from preparing a statement of cash flows under FRS 102 as substantially all of the Fund's investments are highly liquid, substantially all of the Fund's investments are carried at market value and the Fund provides a statement of change in net assets.

The COIF Board, in conjunction with the Manager, have been considering the advantages and disadvantages of moving from a Common Investment Fund (CIF), the current arrangement as explained on Page 3 of this Interim Report, to a Charities Authorised Investment Fund (CAIF), a new investment vehicle which has specifically been designed by the FCA for the charity sector, to which the assets and liabilities of this entity could be transferred. The Board notes in this regard that many fund managers operating in the UK Charities sector have already made this change.

A formal decision has been made by the Board to transition existing assets from a CIF to a CAIF and this has been communicated to unitholders. The transition is expected to happen in 2025. On completion of the transfer, the COIF Ethical Investment Fund would cease operations and be wound up, with the investors' existing holdings in the existing CIF being replaced with their equivalent in the new CAIF. This change in structure will result in VAT savings on the Annual Management Charge (AMC) and increased regulatory protection for holders of the Fund. The Board therefore concluded that the COIF Ethical Investment Fund's financial statements are to be prepared on a basis other than that of a going concern.

NOTE TO THE FINANCIAL STATEMENTS

for the half year ended 30 June 2025 (unaudited)

1. Accounting policies (continued)

Basis of preparation (continued)

The Board would like to stress that any costs associated with a transition are expected to be rigorously contained and that the Board will work with the Manager to ensure this occurs in practice.

Unless otherwise stated, all other accounting policies applied are consistent with those of the annual financial statements for the year ended 31 December 2024 and are described in those financial statements.

DISTRIBUTION TABLES

Responsibilities of the Board

The Board shall comply with the duty of care when exercising its powers and discharging its duties under the Scheme, as follows:

- making and revising the written statement of the investment objectives of the Fund and ensuring that details of such investment objectives will be included in the Scheme Particulars:
- determining the criteria and methods for evaluating the performance of the Fund;
- granting prior written approval to the Manager should the Manager wish to enter into certain types of investment or a specific course of borrowing on behalf of the Fund;
- appointing the Auditor of the Fund and agreeing their terms of engagement;
- · making an annual report on the discharge of the Board's responsibilities;
- determining the rate of remuneration of the Trustee and the Manager in accordance with the Scheme and the Scheme Particulars;
- applying to the Charity Commission for an order to discharge the Trustee from the provisions of the Scheme and an order to appoint a new Trustee of the provisions of the Scheme:

- making representations to the Trustee on the winding up of the Fund: provided that any Board member who has any interests in the Trustee or the Manager shall not participate in the Board's discussions and decisions on the matter and shall not be counted in the quorum necessary for the transaction of such business: and
- informing the Charity Commission promptly and in writing if the Board is not satisfied at any time as to the compliance of the Trustee or the Manager with the Scheme or the Scheme Particulars.

Under the Alternative Investment Fund Managers Directive ('AIFMD'), the Board has certain additional responsibilities including:

- the duty to inform the Financial Conduct Authority promptly and in writing if the Board is not satisfied with the compliance of the Trustee or the Manager with the applicable provisions of AIFMD; and
- the direct power (without reference to the Charity Commission) to require the removal of the Manager and/or the Trustee where it considers for good and sufficient reason that a change of Manager or Trustee is in the interests of the Participating Charities.

Responsibilities of the Trustee

The Trustee shall be responsible for those aspects of the administration and management of the Fund and its property which are specified in the Scheme. The Trustee shall comply with the duty of care when exercising its powers and discharging its duties. The following are the duties and powers of the Trustee:

- the supervision and oversight of the Manager's compliance with the Scheme and the Scheme Particulars. In particular, the Trustee shall be satisfied that the Manager is competently exercising its powers and discharging its duties under the Scheme, and that the Manager is maintaining adequate and proper records;
- the appointment, supervision and oversight of any Registrar or other delegate which it has appointed in accordance with the Scheme;
- the custody and control of the property of the Fund and the collection of all income due to the Fund:
- the creation and cancellation of Units as instructed by the Manager (except where the Scheme Particulars permit the Trustee to disregard those instructions);

- · making distributions or allocations to Participating Charities in proportion to their respective Units in the property of the Fund;
- the making of an annual report on the discharge of its responsibilities for the management of the Fund; and
- winding up the Fund.

The Trustee shall take all steps and execute all documents as are necessary to secure that instructions given to it by the Manager are carried out as to the exercise of rights (including voting rights) attaching to the ownership of property of the Fund and that the purchases and sales of investments for or of the Fund are properly completed.

The Trustee shall maintain such records as are necessary to enable it to comply with the Scheme and with section 130 of the Charities Act 2011 and to demonstrate that such compliance has been achieved.

Responsibilities of the Depositary

The Depositary must ensure that the Fund is managed in accordance with the Financial Conduct Authority's Investment Funds Sourcebook, ('the Sourcebook'), the Alternative Investment Fund Managers Directive ('AIFMD') (together 'the Regulations') and the Fund's Scheme Particulars.

The Depositary must in the context of its role act honestly, fairly, professionally, independently and in the interests of the Fund and its investors.

The Depositary is responsible for the safekeeping of the assets of the Fund in accordance with the Regulations.

The Depositary must ensure that:

- the Fund's cash flows are properly monitored and that cash of the Fund is booked into the cash accounts in accordance with the Regulations;
- the sale, issue, repurchase, redemption and cancellation of Units are carried out in accordance with the Regulations;

- the assets under management and the net asset value per unit of the Fund are calculated in accordance with the Regulations;
- any consideration relating to transactions in the Fund's assets is remitted to the Fund within the usual time limits:
- that the Fund's income is applied in accordance with the Regulations; and
- the instructions of the Alternative Investment Fund Manager ('the AIFM') are carried out (unless they conflict with the Regulations).

The Depositary also has a duty to take reasonable care to ensure that the Fund is managed in accordance with the Scheme Particulars in relation to the investment and borrowing powers applicable to the Fund.

Responsibilities of the Manager

The Manager shall be responsible for those aspects of the administration and management of the Fund and its property which are specified in the Scheme. The Manager shall comply with the duty of care when exercising its powers and discharging its duties under this Scheme. The following are the duties and powers of the Manager:

- instructing the Trustee with respect to the creation and cancellation of Units;
- managing the investments of the Fund in conformity with the investment objectives made by the Board;
- ensuring that regular valuations of the property of the Fund are carried out and to ensure that the Units are correctly priced;
- the creation and revision of the Scheme Particulars:
- maintenance of a daily record of Units purchased or sold on behalf of the Trustee;
- the creation of all records in respect of the Fund, available for inspection by the Trustee;
- the preparation of reports and accounts in respect of every accounting period; and
- the supervision and oversight of any appointed delegate.

The Manager of the Fund is required by the Scheme to:

- prepare and submit to the Charity Commission a statement of accounts and annual report complying with the requirements of the Charities Act 2011 and the Charities (Accounts and Reports) Regulations 2008, as amended or replaced from time to time; and
- prepare and submit to the Charity Commission a half- yearly report and accounts for the Fund made up to the date of the interim balance sheet.

The Manager is required to:

- select suitable accounting policies that are appropriate for the Fund and apply them on a consistent basis:
- · comply with the disclosure requirements of FRS 102;
- follow generally accepted accounting principles and applicable accounting standards;
- keep proper accounting records which enable the Manager to demonstrate that the Financial Statements as prepared comply with the above requirements;

- make judgments and estimates that are reasonable and prudent; and
- prepare the Financial Statements on the basis that the Fund will continue in operation unless it is inappropriate to presume this.

The Trustee has appointed the Manager to act as Registrar to the Fund.

Under AIFMD, the Manager has certain additional responsibilities including, ensuring compliance with the applicable provisions of AIFMD and that any delegation by the Manager is in accordance with AIFMD.

Should the Manager wish to retire, the Manager can only be discharged from its duties under the Scheme following the appointment of a replacement Manager who is eligible under AIFMD to act as Manager of the Fund.

ABOUT CCLA

Founded in 1958, CCLA is the largest fund manager for charities in the UK based on the number of charities invested with us. Well known for managing investments for charities, religious organisations and the public sector, CCLA began a new phase in its development in 2022, now welcoming other types of investor.

Our purpose is to help our clients maximise their impact on society by harnessing the power of investment markets. This means we must provide a supportive and stable environment for our staff, and deliver trusted, responsibly managed products and services to our clients, irrespective of their size.

CCLA Fund Managers Limited

One Angel Lane, London EC4R 3AB T: 0800 022 3505 E: clientservices@ccla.co.uk www.ccla.co.uk
