The Public Sector Deposit Fund (PSDF) is a sub fund of CCLA Public Sector Investment Fund which is authorised by the FCA as a UCITS Scheme and is a Qualifying Money Market Fund (QMMF). The PSDF will maintain a low level of overall risk. In addition to the general risk factors outlined in the Prospectus investors should also note that purchase of The PSDF Shares is not the same as making a deposit with a bank or other deposit taking body and the value of the Shares is not insured or guaranteed. Although it is intended to maintain a stable Net Asset Value per Share, there can be no assurance that a stable Net Asset Value per Share will be maintained. The value of The PSDF may be affected by the creditworthiness of issuers in which the Fund invests and, notwithstanding the policy of investing in short term instruments, may also be affected by substantial adverse movements in interest rates. The PSDF will endeavour to maintain a Triple A money market fund rating with at least one competent rating agency. For full risk warnings please refer to the full prospectus.
