## Purpose

This document explains the COIF Charities Deposit Fund's (the fund) approach to sustainability. It is not marketing material.

This document is the consumer-facing disclosure document required under FCA rules.

## Sustainable investment label

This product does not have a UK sustainable investment label. Sustainable investment labels help investors find products that have a specific sustainability goal. The fund does not use a sustainable investment label because it does not have a sustainability goal.

## Sustainability approach

The fund is managed in line with CCLA's sustainability approach for cash funds.

CCLA assesses potential counterparties based on their financial strength and a number of sustainability indicators. These indicators include:

- our corporate governance rating
- the counterparty's signatory status with the Equator Principles
- the counterparty's position on CCLA's UK and Global Mental Health benchmarks
- the counterparty's position on CCLA's Modern Slavery benchmark
- an assessment of the counterparty's coal, oil and gas expansion policies.

In addition, CCLA routinely monitors counterparties' compliance with Global Standards<sup>1</sup> through our thirdparty provider to determine whether they are compliant with and/or whether they have significant or severe controversies. When significant concerns about their governance, or wider social and/or environmental impact are identified, counterparties' eligibility for use by the fund is suspended.

<sup>1</sup> Global Standards cover the UN's Global Compact Principles, International Labour Organization's (ILO) Conventions, OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights (UNGPs).

Counterparties which do not comply with Global Standards, and/or have the most severe level of controversy (as advised by our third-party provider) are excluded. If they become non-compliant while we hold fixed interest securities issued by them in the fund, a time-limited engagement plan is created with regular monitoring by the CCLA Investment Committee. Should the counterparty not show sufficient improvement, the investment manager has a six-month divestment window. Finally, no further fixed interest securities (or other types of cash instruments) issued by this counterparty can be purchased.
