Sustainability approach

The restrictions that apply to the fund are set out in the scheme particulars.

They apply a number of values-based restrictions on property tenants.

These restrictions are applied in accordance with [Our values-based screening policy](#) (which also sets out how we consider the eligibility of third-party managed funds) and are implemented based upon datapoints selected by CCLA.

Sustainability metrics

First reporting date July 2025.

We will report the number of tenants in and out of compliance with the restrictions and any action taken or to be taken.

We will report the number of new leases or subassignments that have been approved (or not) against the restrictions.
