Gross dividend yield	3.09%*
Gross redemption yield	0.99%**

Past distributions

The accounting period for the Fund changed in 2015 and is now aligned with calendar quarters

Fund update

The portfolio has an above benchmark allocation to good quality corporate bonds because of the higher income they provide. The overall structure however is defensive, because of the high valuations the fixed income sector trades on. This is reflected in the duration and average term of the holdings are shorter and so less volatile than those of the benchmark.
