The Fund

This document sets out the Scheme Information for The CBF Church of England Property Fund (the Fund). The Fund is an Investment Fund, administered as a Common Fund and is established under the Church Funds Investment Measure 1958, as amended by the Church of England (Miscellaneous Provisions) Measure 1995, the Church of England (Miscellaneous Provisions) Measure 2000, the Church of England (Miscellaneous Provisions) Measure

2006, the Church of England (Miscellaneous Provisions) Measure 2010 together (the Measure) and the Trustee Act 2000. The Fund was formed on 1 March 1999. The Fund is neither a Collective Investment Scheme nor an Unregulated Collective Investment Scheme within the meaning of the Financial Services and Markets Act 2000 (FSMA) as amended or changed from time to time. In the event that the Measure and the Scheme Information are in conflict, the provisions of the Measure shall prevail.

The Trustee and Operator

CBF Funds Trustee Limited, a company incorporated under the Companies Act 1985 is the trustee and the operator of the Fund. It is a registered Charity No. 1116932 and is registered in England and Wales as a company limited by guarantee. Its Registered Office is Senator House, 85 Queen Victoria Street, London EC4V 4ET. Under the provisions of FSMA, the Trustee, is not considered to be operating the Fund "by way of business". Consequently, it is not required to be authorised nor regulated by the FCA and its members are not required to be approved by the FCA for this purpose.

The Trustee is ultimately responsible for The CBF Church of England Funds and receives reports on the published Accounts. The Trustee holds at least four meetings each year and monitors the investment, property and cash management, administration, registration and company secretarial services provided by the Manager under the investment management agreement. The Trustee has appointed an Audit Committee to review the financial statements of the Fund and to receive and consider regular reports from the Manager on the management and administration of the Fund.

The Manager

The Manager is a company registered in England and Wales. The Manager is authorised and regulated by the Financial Conduct Authority and holds the necessary permissions to provide, amongst other things, discretionary investment management services. The Manager will provide discretionary investment management services as well as administrative and registration services under the investment management agreement dated September 2008. The contact details of the Manager and the FCA are contained in Appendix 1.

The Manager provides the Trustee with administrative, registration and company secretarial services where necessary for the operation of the Fund. These include the issue and redemption of Shares in the Fund, the valuation of the Fund's assets, the operation of the Share register, the payment of distributions and the maintenance of the accounting records of the Fund. The Fund's financial year ends on 31 December.

The Manager may not have a lien over, or security interest in, the property of the Fund, act as principal in any transaction with the Fund, or undertake stock lending on behalf of the Fund.

The Manager accepts responsibility for loss of the investments of the Fund to the extent that such loss is due to the negligence, wilful default or fraud of itself or any delegates. The Manager will not otherwise be liable for any loss to the investments of the Fund. No warranty is given by the Manager as to the performance or profitability of the Fund (or any part of it) or that the investment objectives of the Fund will be successfully accomplished.

The Manager may be replaced by the Trustee on the expiry of a 12 months' notice period.

The Administrator

The Manager has appointed HSBC Bank plc, 8 Canada Square, Canary Wharf, London, E14 5HQ as the Administrator to carry out certain administrative tasks on behalf of the Fund. The Administrator has been appointed under an agreement with the Manager and the Manager meets the fees of the Administrator from the Annual Management Charge it receives for its services to the Fund.

Investment Objective

The Fund aims to provide a high level of income and long-term capital appreciation.

Investment Policy

The Fund is an actively managed, diversified portfolio of UK commercial property. It will principally invest in UK commercial properties but may invest in other assets, which may be either liquid or illiquid in nature. It will gain this exposure by investing in the COIF Charities Property Fund.

The Fund is managed in accordance with the policies of the Church of England's Ethical Investment Advisory Group.

Responsible Property Investment

The Fund is managed in line with the Manager's Responsible Property Investment Policy. This integrates material environmental, social and governance issues into the investment process including pre-purchase due diligence and the ongoing management of properties in the Fund. Copies of the policy are available on request.

The Manager is a signatory to the United Nations backed Principles for Responsible Investment (PRI). The annual PRI assessment is available on the Manager's website.

Comparator Benchmark

The comparator benchmark for the Fund is the MSCI/AREF UK Other Balanced Quarterly Property Fund Index.

Target Investor

The Fund is suitable for the long-term funds of any Church of England charity seeking exposure to UK commercial property. The Fund is targeted at investors with an understanding or previous history of investing in similar types of fund, with appropriate levels of risk tolerance and ability to bear loss. Please note that the Manager is not required to assess the suitability of the Fund against each investor.

Our investors may be either retail or professional clients (both per se and elective).

Participation in the Fund

Income Shares

Eligible Contributors to the Fund may purchase Income Shares.

Income Shares of the Fund provide a regular income and each Share represents one undivided share in the property of the Fund. Holders of Income Shares receive distributions quarterly. Holders may elect to purchase additional Income Shares by reinvesting income.

Additional Income Shares can be purchased at the Offer price.

Distributions are declared and reinvested income is credited gross to Shareholders on the basis that all relevant UK taxation has been recovered or is recoverable. The Manager is responsible for the collection of income. Changes in tax law and regulations may affect the basis of calculation and payment of distributions.

Eligible Contributors

Any Church Trust with objects connected with the work of the Church of England may normally invest in the Fund. The Manager is required under the Measure and under the Money Laundering Regulations to satisfy itself as to the identity of Eligible Contributors.

Any Church Trust (or a nominee company acting on its behalf) applying to participate must give a declaration of eligibility of the Church Trust to invest in the Fund. Where a Contributor is found not to be eligible or becomes ineligible at a later date, it, or its nominee, must inform the Manager and disinvest. The Manager reserves the right to refuse to accept any application without giving any reason and to sell Shares on behalf of Eligible Contributors if it reasonably believes that the Eligible Contributor is no longer eligible to invest in the Fund.

Manager's Annual Management Charge

The Manager's Annual Management Charge on the assets of the Fund is based on a fixed rate of 0.65% p.a., (plus VAT if applicable and if any) on the first £100 million and 0.50% p.a., (plus VAT if applicable and if any) thereafter. This rate accrues daily and has been agreed with the Trustees. The Annual Management Charge is based on the Net Asset Value at the preceding valuation point. The Annual Management Charge is currently deducted from the capital of the Fund on or around the last Business Day of each month. The Trustee retains the right to pay some or all of the Manager's charge out of income. The Manager will receive no payment other than the Annual Management Charge on a periodic basis.

To avoid double charging, any charges incurred by the Fund from investments in Funds managed by the Manager will be rebated to the Fund.

Any increase in the actual or maximum rate of the Annual Management Charge made by the Trustee shall be subject to:

- a) notice of at least 90 days being given to Shareholders; and
- b) the prior written agreement of the Board.

Expenses of the Fund may also be taken from the Fund's capital or income at the Trustee's discretion.

The expenses will include charges of the Trustee's nominees and agents. The duties of the Trustee for which reimbursement may be made, involve and include (without limitation):

- a) delivery of stock to the Trustee;
- b) custody of assets;
- c) collection of income;
- d) submission of tax returns;
- e) handling of tax claims;
- f) preparation of the Trustee's Annual Report and Accounts; and
- g) such other duties as the Trustee is required or empowered by law to perform.

Payments that may additionally be made out of the property of the Fund are as follows:

All costs and expenses reasonably incurred in the management of the Fund including:

- a) the cost of preparing, publishing and sending Annual Reports and Shareholder communications;
- b) solicitors and audit fees;
- c) interest on borrowings permitted by the Fund and charges incurred in effecting or terminating such borrowings or in negotiating or varying the terms of such borrowings;
- d) taxation and duties payable in respect of the property of the Fund, or the issue of Shares, if applicable;
- e) any costs incurred in modifying the Scheme Information, where modification is:
 - I. necessary to implement, or necessary as a direct consequence of, any changes in the law; or
 - II. expedient having regard to any change in the law made by or under any fiscal enactment and which the Manager and the Trustee agree is in the interests of Shareholders; or
 - III. to remove from the Scheme Information obsolete provisions;
 - IV. agreed by the Manager and Trustee to be in the interest of Shareholders
- f) liabilities on an amalgamation or reconstruction arising in certain circumstances;
- g) the expenses of the Board and any remuneration paid to a Board member;
- h) the fees of any Auditor appointed or those of IPD (the Investment Property Databank) or any other benchmark authority;
- i) the fees of any relevant regulatory authority in which Shares are or may be marketed, or the corresponding periodic fees of any regulatory authority in a country or territory outside the United Kingdom in which Shares are or may be marketed. Payments will be charged to the capital or income of the Fund at the Manager's discretion;
- j) any costs incurred through purchasing and holding of third party funds; and
- k) such other fees or expenses as may from time to time be agreed with the Trustee and Custodian.

Registration of Shares

Shares are registered in the name of the Church Trust (or where applicable holdings may be registered in the name of the nominee company acting on behalf of the Church Trust, with the name of the Church Trust separately recorded in the Register). They cannot be registered in the names of individual trustees. No certificates are issued and the Register of Shareholders (the Register) is the definitive evidence of title. The Shares have no par value and entitle the holder to a proportionate interest in the Fund. Shares cannot be assigned or transferred except from one Church Trust to another. The number of Shares held will be certified on written request for audit or other purposes.

The Register may be inspected free of charge during normal business hours at the office of the Manager at its registered office (as set out in Appendix 1). Entry in the Register of Shareholders is conclusive evidence of title to the Shares in the Fund. The Register contains the name of each Shareholder, the number of Shares held and the name and address of the correspondent for each account. In addition, the Register may contain the following particulars:

- a) details of the nominee company acting on behalf of the Shareholder;

- b) client designation;
- c) bank account details for the remittance of income and withdrawals; and
- d) authorised signatory(ies) and the number of signatures required.

No notice of any trust, express, implied or constructive, shall be entered in the Register in respect of any Share, and the Manager and the Trustee shall not be bound by any such notice. The expenses of maintaining the Register are currently borne by the Manager and covered by the Annual Management Charge paid out of the property of the Fund to the Manager.

The Manager will treat all Shareholders' records as confidential and so reserve the right to provide copies of your particular record, rather than allow access to files which may contain information about other Shareholders.

Pricing of Shares

The Dealing Day

There is currently one Dealing Day per month, normally the last Tuesday except when this is not a Business Day; that is a day on which the London Stock Exchange (or any successor body) is not open for business, then the preceding Business Day becomes a Dealing Day.

Valuation

The Manager values the property of the Fund as at the close of business on the Business Day prior to each Dealing Day (the Valuation Point) for the purpose of determining the prices at which Shares may be issued or redeemed.

In addition, for valuation and reporting purposes, the Fund is valued on the last Business Day of each calendar month. The Manager may, subject to the agreement of the Trustee, introduce additional or alternative Dealing Days and Valuation Points.

The Manager may, at any time during a Business Day, carry out an additional valuation of the property of the Fund for the determination of Share prices if, after consultation with the Trustee, it is considered desirable to do so.

Basis of Valuation of the Fund

The valuation is carried out at mid-market prices at the Valuation Point. The Share price includes the value of the income property of the Fund which has not been declared as a dividend on the Dealing Day.

The amount of income to be included is the amount of income received by the Fund up to and including the day before the Dealing Day, together with the amount of income accrued and including UK tax credits to which the Fund is entitled. All expenses paid or accrued on the same basis as the income will be deducted from the income.

The valuation of the scheme property is determined as follows;

- Shares in a collective investment scheme – if the scheme is single priced then that price will be used. If the scheme is dual priced the mid-market price will be used.
- Direct Property – an External Property Valuer is responsible for providing property values for the Fund. All properties are valued at every month end at Open Market Valuation in accordance with the Red Book of the Royal Institute of Chartered Surveyors. Additions to

the portfolio are valued externally after acquisition.

Buying (Offer) and Selling (Bid) prices

The buying and selling prices of the Shares are based upon the valuation of the Fund, as described above. To this valuation is added or deducted a fixed percentage of the valuation, representing the estimated transaction costs incurred in purchasing or disposing of assets. These costs are principally the difference between the bid and offer prices on the sale and purchase of assets and the associated brokers' commission. As a charity, the Fund is currently exempt from UK Stamp Duty and Stamp Duty Reserve Tax.

The Manager may vary the amount of these provisions to reflect their estimate of the costs associated with any transaction. The most recent estimate of the cost is shown on our website www.ccla.co.uk

The Offer and Bid prices represent the buying and selling prices for Shareholders and also the creation and cancellation prices for the Trustee. No Shares are held by the Manager or any other party involved in the management of the Fund other than in the capacity as a custodian or trustee for an Eligible Contributor.

Buying Shares

General applications

Generally, applications to buy Shares must be made using a completed Application Form and appropriate payment must be made at the same time as the submission of the Application Form. Cheques, if used, must be drawn on an account in the name of the Applicant.

Except as specified below, applications to purchase Shares can only be actioned on a particular Dealing Day if, by 5.00pm on the Business Day prior to that Dealing Day:

- a correctly completed Application Form has been received by the Manager; and
- the Manager is in receipt of cleared funds.

Please note: When monies are received early they will be banked in a "Fund Transfer Agency account" in the name of the Fund for investment on the next Dealing Day. The Manager complies with FCA requirements with regard to holding customer monies awaiting a purchase of Shares in the Fund. Interest will not be payable on these accounts.

The Manager reserves the right not to execute a transaction until the charitable status and eligibility of the Applicant has been demonstrated.

Shareholders will receive a valuation statement every six months, normally at the end of June and December. Shareholders may request a quarterly valuation statement. In addition, certificates of balance at any month end will be provided upon Shareholders' written request to the Manager.

Provisions applicable to all applications

The account should be held with a European Economic Area (EEA) banking institution and made payable in pounds sterling.

Applications to purchase, once made, are irrevocable. However, subject to its obligations under applicable law and regulation, the Manager has the right to reject, on reasonable

grounds relating to the circumstances of the prospective investor (or nominee company, where applicable), any application for Shares in whole or part, and in this event the Manager will return any money sent, or the balance of such monies, at the risk of the applicant.

The Manager may also, at its discretion suspend the issue of new Shares if any such new issue would prevent the orderly investment of monies by the Fund.

On acceptance of an application, Shares will be issued at the relevant Offer price. A contract note will normally be dispatched by the end of the next Business Day following the Dealing Day. The contract note will show certain dealing information such as the number of Shares and the issue price. Shares are issued to two decimal places.

Top Ups or Additional Investments

The original application to create a new account needs to be accompanied by a cheque drawn on an account in the name of the Applicant. Funds may be sent via CHAPs or BACs for additional investments or top ups. For further details please contact CCLA's Client Services team, on telephone helpline 0800 022 3505.

Conditional Orders

The Manager cannot accept conditional purchase or sale instructions from clients. A conditional order is one where the instruction specifically states that a purchase or sale may only proceed at a specified price, e.g. purchase £50,000 worth of the Fund Shares if the Offer price is less than £5.

Selling Shares

Except during periods of temporary suspension, the Manager will accept orders for the redemption of Shares on any Business Day between 9.00am and 5.00pm.

All instructions to sell Shares must be on a completed renunciation form and received by the Manager by 5.00 p.m. on a Business Day. Redemption instructions, once received by the Manager, are irrevocable and cannot be withdrawn.

Subject to the paragraphs below regarding Deferral of Redemptions and Suspension of Dealing, requests to sell Shares will be dealt with on the first Dealing Day after the expiry of the required notice period (see Notice to Redeem paragraph below) and at the price calculated at the Valuation Point in respect of that Dealing Day.

A contract note detailing the transaction will be sent out by the close of business on the Business Day following the Dealing Day. The contract note will contain certain dealing information such as the number of Shares sold and the redemption price.

Proceeds of sales can either be remitted direct by BACS to the nominated bank account of the charity or be paid direct to a CBF Church of England Deposit Fund account held in the name of the charity or be sent by cheque to the correspondent and made payable to the Church Trust or charity. Settlement cheques are sent out within four Business Days of the Dealing Day. Proceeds that are transferred to a CBF Church of England Deposit Fund account are normally credited with effect from the settlement date.

Notice to Redeem

Except in the circumstances below, Shares are redeemable at the option of the Shareholder on a Dealing Day, upon at least 90 calendar days' prior written notice to the Manager. Redemption instructions, once received by the Manager, are irrevocable and cannot be withdrawn.

For the good management of the Fund and in the interest of other Shareholders, the Manager may, at its discretion, extend the period of notice of to up to 6 months to allow for the orderly disposal of assets held within the Fund. Without limitation, the Manager may decide to extend the notice period up to six months where there has been a similar notice period implemented at the level of the COIF Charities Property Fund. In the event of the notice period is extended, Shareholders will be notified in writing.

Sales will be processed in strict order of the instructions to sell being received. The Shareholder will receive the price ruling as at the date on which the sale is processed.

Deferral of Redemptions

If on a Dealing Day the Manager considers that there is insufficient liquidity in the Fund to meet instructions to sell Shares, the Manager may delay, in whole or part, the sale instructions for such period of time as the Manager considers appropriate. To the extent that sale instructions are not processed in full in respect of the relevant Dealing Day the sale instructions will be treated as being made again in respect of each subsequent Dealing Day until all the deferred sale instructions have been completed in full. The Share price for a deferred sale will be the Share price calculated at the Valuation Point for the Dealing Day on which the sale instruction is honoured.

If the Manager delays the processing of any sale instructions, for whatever reason, then the sale instructions will be placed in a queue and will be acted on in the following order:

- I. any compulsory sale instructions (whether in whole or part) will take priority in the sale queue and will be acted on in advance of any other sale instructions irrespective of when the other sale instructions were received by the Manager;
- II. sale instructions made in respect of an earlier Dealing Day will be processed in priority to those made in respect of a later Dealing Day;
- III. without prejudice to (i) above, all sale instructions in respect of a particular Dealing Day shall be ranked and treated equally in priority, irrespective of the date or time such sale instructions were actually received by the Manager in respect of that Dealing Day;
- IV. the Manager can accept in part an instruction to sell Shares and, in the event that the Manager does so, the instruction to sell Shares shall be redeemed in proportion and pro rata with any other instructions to sell Shares which are to be treated *pari passu* with it;
- V. in the event that dealings in the Fund are suspended for any reason, the queue of sale instructions will be frozen until the suspension is lifted. After the suspension has been lifted the Manager shall process sale instructions in accordance with the provisions set out in these Scheme Particulars; and
- VI. in the event that a decision has been made to wind-up the Fund any sale instructions which have been deferred will be acted on in priority to the deemed redemption

requests that arise as a result of the decision to wind-up the Fund.

Where a request for the sale of Shares is deferred the Manager will inform Shareholders of the number of their Shares that have not yet been processed. Other than in the case of a compulsory sale instruction, a Shareholder may, by notice in writing to the Manager, cancel the whole or part of a sale instruction that has been deferred and is in a queue to be processed. Any cancellation request will be binding on the Shareholder and any subsequent request to sell Shares will be treated as a new request to sell Shares.

In the event that the Manager delays the Dealing Day of the Fund on the basis that there is insufficient liquidity in the Fund to meet the sale instructions the Manager will, without disadvantaging the remaining Shareholders in the Fund, concurrently take all necessary steps to liquidate assets in the Fund to meet the instructions to sell Shares.

Preliminary Charge

A preliminary charge may be included in the price at which Shares may be purchased, out of which the expenses and remuneration of the Manager may be paid. No preliminary charge is currently levied. The introduction of a preliminary charge and any increase in the actual or maximum amount of a preliminary charge made by the Manager shall be subject to:

- a) notice of at least 60 days being given to Shareholders;
- b) the prior written agreement of the Board.

Switches

Switches between The CBF Church of England Funds are permitted although switches involving the Fund can only be undertaken on the monthly Dealing Day.

The Issue and Redemption of Shares in the Fund

To transact in the fund a client must have an active open account. An application to open or reactivate an account will normally take 48 hours provided all documents required are provided along with the application. Instructions cannot be accepted until the account is active.

Shares are dealt on a forward price basis. All instructions for buying Shares in the Fund must be accepted by 5.00 p.m. on the day prior to the Dealing Day if they are to be processed at the prices to be calculated on that day. Instructions accepted later will be held over to the next Dealing Day.

Redemption instructions must be received by 5.00pm on a Business Day.

CCLA will execute purchases or redemptions on the instructions of the client at the published Offer/Bid price at the Valuation Point on the Dealing Day. Shares can only be created or liquidated through the Trustee on behalf of the Fund.

Suspension of Dealing

In exceptional circumstances, the Manager may, if the Trustee agrees, or shall, if the Trustee requires, temporarily suspend the issue, cancellation, buying and selling of Shares. The Manager or the Trustee must be of the opinion that there is good and sufficient reason to do so having regard to the interests of the Shareholders. Without limitation, the Manager and

Trustee may agree to temporarily suspend dealings in the Fund in circumstances where dealing in the COIF Charities Property Fund is suspended. No Shares can be bought or sold during a period of suspension.

The Manager will notify the Shareholders of a suspension as soon as reasonably practicable after the suspension commences. The Manager will review the grounds for suspension every 28 days to ensure that the suspension only continues for so long as it is justified, having regard to the interests of Shareholders. Shareholders will be informed of the outcome of this review.

Once the suspension has been lifted the Manager expects Shares to be priced at the Valuation Point for the next Dealing Day.

During a period of suspension, any application for the compulsory sale of Shares will not be frozen.

If dealing in the Fund is suspended for any reason, any application to sell Shares (other than for Shares which are being compulsorily redeemed) will be frozen until such time as the suspension of dealing is lifted.

Refusal to Issue or Cancel Shares

The Manager may refuse to issue or cancel Shares if in its opinion such action would not be in the best interest of Shareholders.

Publication of Prices

Month end prices for valuation purposes and daily Bid and Offer prices are displayed on the Manager's website www.ccla.co.uk

Minimum Investment

The normal initial minimum investment in the Fund is £10,000. Any additional amount may be transferred thereafter.

Distributions to Shareholders

Quarterly Distribution

Income distributions are calculated quarterly at the end of March, June, September and December. The distribution is based upon undistributed income received and receivable to each quarterly date less any costs and expenses for the period and subject to flows to or from the Income Reserve (see below). Distributions in respect of the preceding quarter are made at the end of February, May, August and November. Special distributions may be calculated and declared on any month end.

Monies will be paid directly to a bank account held in the name of the Eligible Contributor, or into a CBF Church of England Deposit Fund account in the name of the investing charity. Changes in tax law and regulations may affect the basis of calculation and payment of distributions.

The Income Reserve

Each quarter income may be transferred to an Income Reserve Account, thereby reducing the distribution for that quarter, or income can be transferred from the Income Reserve to the Distribution Account, which increases the distribution. The Income Reserve is used to

even out fluctuations in income which arise from time to time. The Income Reserve of the Fund forms part of the capital of the Fund and is included in the price of the Shares until it is used in the payment of a distribution. Additionally, where there is a balance brought forward on the Income Reserve new investors are acquiring a right to a proportion of the reserve, and those selling are giving up the right to the reserve of the Fund. In order to deal with this issue, equalisation is applied.

Equalisation

The first allocation of income to which a Shareholder is entitled, following the purchase of Shares, is calculated as if the purchase had been made at the beginning of the quarter. The distribution will therefore include that part of the purchase price consisting of income from the beginning of the quarter to the date of purchase. The Manager is able to supply a breakdown of the amount of accrued income in the purchase price.

For each creation and liquidation of Shares, a portion of capital will be applied to the Income Reserve, such that a fund inflow or outflow maintains the ratio of Income Reserve to non-Income Reserve capital. Thus, current Shareholders' value of the Income Reserve will remain unaffected by additional creations and liquidations.

Custody of Assets

The Custodian of the Fund is shown in Appendix 1 to this document.

Accounts of the Fund

The Report and Accounts of the Fund are normally prepared for the half year to 30 June (unaudited) and the year to 31 December (audited).

The Manager will make available, free of charge on its website, www.ccla.co.uk, the Fund's Annual Report and Accounts for the period to 31 December (the accounting reference date) within four months of the end of the relevant period, and the Fund's half-yearly Reports and Accounts for the period to 30 June (the interim accounting date) within two months of the end of the relevant period.

If a hard copy or an email of a report is required, please contact our Client Services Team on telephone helpline 0800 022 3505.

Taxation

The Fund has charitable status and is not liable to UK tax on gains arising on disposal of investments or on income from investments. It is exempt from Stamp Duty Land Tax on property purchase transactions and from Stamp Duty and Stamp Duty Reserve Tax on the purchase of securities.

The Fund's quarterly income distributions are paid gross without any deduction of tax as all the Shareholders have charitable status and are entitled to receive such payments without deduction of tax provided that they are used for charitable purposes (within the meaning of section 2 of the Charities Act 2011).

The references to tax exemptions and reliefs are based on the law as at the date of publication of the Scheme Information. The tax position may change in the future. Investors should obtain their own tax advice in respect of their own position.

Any changes to the tax status of the Fund will be notified on the CCLA website and in updated Scheme Information.

The Manager shall not have a lien or security interest in the property of the Fund.

The Manager will not act as principal in any transaction with the Fund. The Manager accepts responsibility for loss of the investments of the Fund to the extent that such loss is due to the negligence, wilful default or fraud of itself or any delegates. The Manager will not otherwise be liable for any loss to the investments of the Fund. No warranty is given by the Manager as to the performance or profitability of the Fund (or any part of it) or that the investment objectives of the Fund will be successfully accomplished.

Investment and Borrowing Powers

Investment

The Fund's powers permit investment in:

- a) property collective investment schemes (including those managed by CCLA, and specialist property funds); and
- b) The CBF Church of England Deposit Fund, sterling accounts with authorised banks in the United Kingdom, sterling negotiable certificates of deposit and other similar short-term money market investments.

Borrowing

The Fund may borrow on a temporary basis but such borrowings may not exceed 5% of total assets. The Fund may have investments in collective schemes which have the capacity to borrow but not where such borrowings can exceed 25% of total assets.

The Board of Trustees

The Board has been assigned certain duties. It meets regularly to receive reports and monitor the progress of the Fund. It is required to prepare Annual Report and Accounts. The Board is made up of individuals who together have wide experience of finance, investments, charities and the law. No Board member is required to be authorised by the FCA because no Board member intends to offer investment advice or conduct investment business in relation to the Fund.

Material Interest and Conflicts

The Fund has power to invest in other funds managed by the Manager however if this occurs a rebate of the Annual Management Charge is made to ensure there is no double charging of the Annual Management Charge. The Manager operates a Conflicts of Interest Policy, a summary of which is provided in Appendix 1.

Conflicts of Interest Policy

CCLA operates a Conflicts of Interest Policy to ensure that its clients are treated fairly. Our policy seeks to avoid circumstances which we consider may give rise to potential conflicts of interest and materially disadvantage our clients. It describes the controls and arrangements for preventing CCLA and its staff from:

- favouring one client above another;
- market abuse and disclosing confidential information;
- giving or receiving gifts and entertainment, monetary or otherwise that would be in breach of our Conflicts of Interest Policy;

- favouring one of CCLA's owners, The CBF Church of England Investment Fund (53.69%), COIF Charities Investment Fund (22.37%), the Local Authorities' Mutual Investment Trust (13.42%) and the Executive Directors of CCLA (8.82%) at the disadvantage of its clients;
- not disclosing CCLA's close association with The CBF Church of England Funds, COIF Charities Funds and the Local Authorities' Property Fund or its ownership (above); and
- not disclosing any remaining conflicts of interest to our clients before we advise or transact on their behalf.

Full details of CCLA's Conflicts of Interest Policy are available on request and on the website www.ccla.co.uk

Changes to Authorised Signatories

Changes to the authorised signatories for a Church Trust's holding of Shares in the Fund must be made on a duly completed mandate form by the Church Trust (or the nominee company acting on behalf of the Church Trust) signed by authorised signatories. Where an existing authorised signatory is removed by way of a mandate form, the Correspondent shall receive notification of the removal by the Manager.

Changes in Correspondents

A Shareholder must notify the Manager of any change in the authorised correspondent for its Fund account.

Anti-Money Laundering

The Manager is required by law to maintain procedures to combat money laundering. In order to implement these procedures, proof of identity may sometimes be required either when buying or when selling Shares from time to time, even of existing Shareholders. We may freeze or return your investments and/or subscription amounts unless or until the necessary evidence of identity can be obtained. In the case where Shares are being sold, the remittance of proceeds may be delayed until proof of identity has been obtained. Electronic identity checks may be undertaken on the persons named within the Application Form.

Best Execution

In accordance with MiFID II, the Manager must act in the best interests of the Fund when executing decisions to deal on behalf of the Fund and must establish and implement an Order Execution Policy to allow it to obtain the best possible result.

The Manager's Order Execution Policy sets out the basis upon which the Manager will effect transactions and place orders in relation to the Fund whilst complying with its obligations in relation to execution. Details of the Order Execution Policy are available on the Manager's website www.ccla.co.uk A copy will also be made available on request.

Research

Certain brokers may from time to time provide research services to the Manager. The Manager pays for such research services out of its own resources, which are used by the Manager in its management of the Fund.

Inducements

In accordance with MiFID II, the Manager when executing orders or placing orders with other entities in relation to financial instruments on behalf of the Fund must not accept and

retain any fees, commission or monetary benefits from a third party (Third Party Payments). If the Manager receives any Third Party Payments, the Manager will return the Third Party Payments to the Trustee as soon as reasonably possible and will inform Shareholders of the amount received which will be set out in the annual reports.

The Manager must not accept any non-monetary benefits when executing orders or placing orders with other entities for execution in relation to financial instruments on behalf of the Fund, except those which are capable of enhancing the quality of the service provided to the Fund, and which are of a scale and nature such that they could not be judged to impair the Manager's compliance with its duty to act honestly, fairly and professionally in the best interests of the Fund.

Acceptance of Terms and Conditions set out in the Scheme Information

By completing the Application Form to purchase Shares, the Shareholder acknowledges and accepts the terms and conditions of and agrees to be bound by the provisions of this Scheme Information and the Measure.

Amendments to these Scheme Information

The Trustee and Manager reserve the right to amend the Scheme Information at any time. Shareholders will receive notice of any amendment material to them. All current scheme information documents for The CBF Church of England Funds are available on www.ccla.co.uk or by request please contact our Client Services department on 0800 022 3505.

Applicable Law and Jurisdiction

Any agreement to invest in the Fund is governed by English law and is subject to all applicable laws, regulations and rules. In the event of a conflict between such agreement and any such laws, regulations and rules, the latter shall prevail.

The Scheme Information summarises the terms on which the Fund operates. For further information as to the terms on which Shares are issued, reference should be made to the Measure.

Copies of the Measure and the Scheme Information are available on request from the Manager or the Trustee.

By applying for Shares, a Shareholder acknowledges that it will be subject to the exclusive jurisdiction of the courts of England and Wales to settle any dispute or claim arising out of or in connection with such a Shareholder's investment in the Fund or any related material.

Regulatory Position

The Fund, being constituted as an Investment Fund under the Measure (as amended or replaced from time to time), is not regulated by the FCA or other regulatory bodies under FSMA. The Trustee, as trustee and operator of the Fund, is not considered to be operating the Fund "by way of business". Consequently, it is not required to be regulated by the FCA and its Trustees are not required to be authorised by the FCA for this purpose. This extends to CCLA in respect of its administrative, registrar and company secretarial functions for The CBF Church of England Funds.

Investment in the Fund is not covered by the Financial Services Compensation Scheme.

The Manager is authorised and regulated by the FCA and holds the necessary permissions to provide discretionary investment management services which it provides in relation to the Fund. The Manager is subject to the requirements of MiFID II in its management of the investments of the Fund.

Additional Information

A Shareholder is entitled to request an unaudited periodic report to be provided within 25 days after the end of the period to which it relates.

The Manager will make available copies of the Scheme Information, Key Information Document, factsheets, current Investment Policy and annual and half yearly report and Accounts, free of charge, on its website www.ccla.co.uk

If a hard copy or an email copy of any of these documents is required please contact customer services on telephone helpline 0800 022 3505.

Winding Up

The Trustee has the power to wind up the Fund in accordance with the Measure.

Charitable Status of the Fund

The Fund is entitled to charitable status by virtue of section 99(4) of the Charities Act 2011. In the administration of the Fund the Trustee is exempt from the jurisdiction of the Charity Commission by virtue of section 5(1) of the Measure.

Auditor

The Auditor of the Fund is shown in Appendix 1 of this document.

Compensation

The Manager will pay fair compensation on eligible claims arising from its negligence or error in the management and administration of the Fund.

As the Fund is unregulated it is not covered by the Financial Services Compensation Scheme (the FSCS). However, some of the Manager's activities are covered and should the Manager be unable to meet all its liabilities to investors, compensation may be available to eligible investors.

The maximum level of compensation payable by the FSCS for a claim is £85,000 per eligible complainant. Further information is available from the Manager on request or via www.fscs.org.uk or at their address below:

Risk Warning

General risks

Investing in the Fund involves certain risks some of which are summarised below. Applicants and Shareholders should note the following risks associated with investing in the Fund and review such risks with their financial, tax and or legal advisers prior to investing in the Fund:

- The Fund's Shares and the income from them can fall as well as rise and an investor may not get back the amount originally invested. Past performance is not a reliable indicator of future results.
- The Fund will principally invest in a single collective investment scheme which holds real property (the COIF Charities Property Fund), and does not intend to hold a diversified range of investments in various collective investment schemes. Shareholders will be exposed to the same risks that unitholders in the COIF Charities Property Fund are exposed to, and which are summarised below.

The performance of the Fund could adversely be affected by a downturn in the property market in terms of capital value or a weakening of rental yields. The income received by the Fund is dependent to a large extent upon the occupancy levels of any property owned by the fund(s) that the Fund invests in and the rents paid by these tenants. Rental revenues and property values are affected by changes in the general economic climate and local conditions. Property values are dependent in particular on current rental values, prospective rental growth, lease lengths, tenant creditworthiness and the valuation yield (which is itself related to interest rates, the market appetite for property investments in general and with reference to the specific property in question) together with the nature, location and physical condition of the property concerned.

- Changes in legal, tax or regulatory requirements affecting the Fund or its investments could impact on the performance of the Fund. For example, changes in tax law and regulations may affect the basis of calculation and payment of distributions.
- A failure by the Fund to perform its obligations under any of its financing arrangements or loans may lead to the Fund's lenders demanding early repayment of the Fund's loans and to realise any security they have over the Fund's assets.

Shareholders should therefore be aware that the nature of the Fund is to be exposed to a number of kinds of risks, including market, price risk, interest rate risk, liquidity risk, credit risk and stock selection risk. This means the share price may fluctuate, more or less in line with its comparator benchmark. Risk will be controlled by investing in the COIF Charities Property Fund which aims to have sufficient diversification across the property sectors, by diversification, if possible, within each property sector and by following standard administrative procedures (see below for the direct property risks that that the COIF Charities Property Fund is exposed to).

The Fund's Shares are intended only for long-term investment and are not suitable for money liable to be spent in the near future. They are realisable only at each monthly Valuation Point, giving requisite notice. In falling markets, the redemption of Shares may be subject to lengthy delays.

Liquidity risk

The liquidity of an investment is generally considered to be a measure of how quickly it can be converted into cash without impacting its value while the liquidity of a fund is considered to be the ability to fulfil redemption requests without a price discount to the assets that are sold to meet that request.

Real property is an illiquid investment relative to other asset classes (such as equities or bonds). Assets that comprise real property take time to sell, and when market conditions are uncertain, it can be even more difficult to find a buyer than in normal market conditions which can impact on a property's price.

Liquidity risks may crystallise due to a number of events. For example, liquidity risks may crystallise when investors wish to redeem their Shares before they fall in price during times of market stress or uncertainty. Liquidity risks may also crystallise in circumstances where a Shareholder with significant holdings in the Fund seeks to redeem all or a substantial portion of its holdings with the effect that a number of assets in the underlying COIF Charities Property Fund need to be sold to ultimately meet the redemption request, which may take some time to sell.

The Shares are intended only for long-term investment and are not suitable for money to be spent in the near future. Investments are realisable on each Valuation Date but, redemptions are subject to a 90 day period of notice, which may be increased to up to six months in accordance with the provisions of this Scheme Information.

Notice Period

Redemptions are subject to a notice period (currently 90 calendar days and which can be increased to up to six months if so determined by the Manager). Shareholders should be aware that they may not be able to redeem their Shares as quickly as they would like to, and that this may have an impact on the price they receive on redemption and may consequently impact the Shareholder's own liquidity.

Suspension and Deferral risk

In certain circumstances, the rights for Shareholders to redeem Shares may be suspended, as further set out in this Scheme Information. Shareholders should note that where a suspension is implemented, they may not be able to redeem their Shares as quickly as they would like to, and that this may have an impact on the price they receive on redemption and may consequently impact the Shareholder's own liquidity.

The Manager is able to defer redemptions of Shares (in whole or part) where the Manager considers that there is insufficient liquidity in the Fund to meet instructions to sell Shares, for such period as the Manager considers appropriate. Shareholders should note that where deferral is applied, they may not be able to redeem their Shares as quickly as they would like to, and this may have an impact on the price they receive on redemption and may impact the Shareholder's own liquidity.

Direct Property risks

As a unitholder in the COIF Charities Property Fund, which directly holds commercial property, the Fund is exposed to the following risks relating specifically to the property

investments of the COIF Charities Property Fund:

Diversification risk

The COIF Charities Property Fund invests in UK properties only and as such is not as diversified as if it were invested across several asset classes and/or several geographical locations. Any change in legal, tax or regulatory requirements affecting the COIF Charities Property Fund or its investments may be amplified by this lack of diversification.

Pricing and Liquidity

There is a risk that the price at which an asset in the COIF Charities Property Fund is valued may not be realisable in the event of a sale. This could be due to a lack of liquidity in the market. It may also be due to a mis-estimation of the asset's value. Where this occurs, the manager of the COIF Charities Property Fund may decide to postpone selling investments as to do so may have a material adverse impact on the value of the COIF Charities Property Fund's units.

Valuation

Property and property related assets are inherently difficult to value because of the individual nature of each property. For example, a property's value may be affected by (amongst other things): (i) its location (noting that the desirability of an area may change over time), (ii) the characteristics of the building (wear and tear and advances in technology or tenant's requirements may render a building unattractive over time), and (iii) the length of a lease and creditworthiness of a tenant. As a result, valuations are open to substantial subjectivity. There is no assurance that the valuations of the properties in the COIF Charities Property Fund will reflect the sale price achieved even where such sale occurs shortly after a valuation point.

Property Market

The value of property could adversely be affected by a downturn in the property market in terms of capital value or a weakening of rental yields. The income received is dependent to a large extent upon the occupancy levels of any property and the rents paid by the tenants.

Rental revenues and property values are affected by changes in the general economic climate and local conditions. Property values are dependent in particular on current rental values, prospective rental growth, lease lengths, tenant creditworthiness and the valuation yield (which is itself related to interest rates, the market appetite for property investments in general and with reference to the specific property in question) together with the nature, location and physical condition of the property concerned.

Planning laws

The value of properties can also be negatively impacted by changes in planning laws.

Counterparty risk

Additional risks may arise in the event that there is a failure by a counterparty to perform its obligations under a contract or other agreement (including failure arising from the insolvency of a tenant of a property).

Liability risk

Property ownership assumes associated risks including, without limitation, environmental and third party liability risk the value of which may exceed the value of the property itself.

Additional documentation

CCLA reserve the right to charge reasonable expenses in relation to printing and postage of any additional documentation required by the client.

Telephone and electronic communications

The Manager in accordance with MiFID II must take all reasonable steps to record telephone conversations and keep a copy of electronic communications where such conversations and communications relate to activities in financial instruments as required by FCA's Handbook of Rules and Guidance, as amended from time to time.

Please note the Manager may record telephone calls for training and monitoring purposes and to confirm instructions.

Scheme Information

Any person relying on the information contained in this document which was current at the date shown, should check that the document is the most current version and that no revisions or corrections have been made to the information contained herein. Copies of this document are available free of charge on www.ccla.co.uk

Data Protection

The Manager is a data controller in accordance with the Data Protection Legislation and will hold personal data about each Shareholder's representatives (referred to below as "representatives") that has been supplied to the Manager (whether by the representative, a Shareholder or otherwise) as set out in CCLA's Privacy Notice. Each Shareholder agrees to ensure that the contact details and other personal data provided for it and its representatives to the Manager remains up to date at all times.

The Shareholder acknowledges that the Fund may invest in investment schemes operated and managed by the Manager and/or by third parties (referred to below as "investment schemes") and that the Manager may need to pass data, including personal data regarding the representatives, to those investment schemes. The Manager will not pass on any personal data to any other third party or permit the investment schemes to pass the personal data to third parties except: (i) where, in relation to the performance of its services to the Shareholder, the Manager (or the investment scheme) sub-contracts part of the services or any support services; (ii) as agreed by the Shareholder; or (iii) where required to do so for legal or regulatory purposes as set out in CCLA's Privacy Notice.

The Manager (and the investment schemes) may keep records of all business transactions for at least five years. Shareholders have a right to inspect copies of contract notes and entries in the Manager's books or computerised records relating to their transactions. Their representatives also have certain rights under applicable Data Protection Legislation, including the right to access copies of their personal data and change the permissions given in respect of the processing of it. The Manager will treat all Shareholders' records as confidential and so reserves the right to provide copies of the Shareholder/representative's

particular record, rather than allow access to files which may contain information about other Shareholders. Requests to access the above records/personal data or to exercise any other rights under applicable Data Protection Legislation should be directed to The Data Protection Adviser at the Manager's office, Senator House, 85 Queen Victoria Street, London, EC4V 4ET.

The CBF Church of England Property Fund

Investment Policy Statement

This statement should be read in conjunction with the Scheme Information. The Investment Policy of the Fund is designed to meet the objective and comparator benchmark of the Fund and is made and reviewed by the Board.

Investment Objective of the Fund

The Fund aims to achieve a high and sustainable level of income and some capital appreciation. The Fund will principally invest in the COIF Charities Property Fund; a fund managed by CCLA and may also invest in other funds.

The long term nature of the investment strategy, the costs of transactions in the sector and the risk of illiquidity from time to time all suggest that a holding in the Fund is considered a long term investment rather than as a home for monies that could be required in the near term or on short notice.

Comparator Benchmark of the Fund

The comparator benchmark for the Fund is the MSCI/AREF UK Other Balanced Quarterly Property Fund Index.

Investments

The Fund will principally invest in collective investment schemes. Up to 100% of the CBF Property Fund may be invested in the COIF Charities Property Fund. The Investment Policy may mean that at times it may be appropriate for the Fund not to be fully invested but to hold cash or near cash. In extreme conditions, the Manager may raise or reduce the liquidity of the Fund from normal working levels within a band of 0% to 20%.

Projected return

The Fund expects to provide an income to investors, derived from the underlying investments, predominately collective investment schemes. The future capital return, which may be negative, cannot be projected as it is dependent upon the level of demand for investment properties and other factors including the rate of economic growth.

Borrowing

Borrowing increases the risks involved in the Fund, magnifying both gains and losses. The Manager may borrow temporarily up to 5% of the value of the property of the Fund. The Fund may have investments in collective investment schemes which have the capacity to borrow but not where such borrowings can exceed 25% of total assets of such a collective investment scheme.

In the event of a breach of these limits the Manager must gain the consent of the Trustee and then take the necessary steps to remedy the breach.
