COIF Charities Deposit Fund - Brexit impact

Dear Investor,

On 31 January 2020, the UK formally withdrew from the European Union (“EU”) and entered a transition period which will end on 31 December 2020 (the “**Transition Period**”). It remains unlikely that the UK and the EU will reach a deal on their future relationship which includes reference to financial services for the period following the end of the Transition Period.

Assuming they reach no deal regarding financial services, certain amendments will be required to the scheme particulars and other fund documentation of COIF Charities Deposit Fund. The key changes are as follows:

- 1 references to the “AIFMD” will be replaced with “AIFMD” as it applies in England and Wales from time to time including as retained, amended, extended, re-enacted or otherwise given effect on or after 11 pm on 31 January 2020.” The AIFMD is a European piece of legislation which will no longer directly apply to the operation of UK funds at the end of the Transition Period;
- 2 references to the Money Market Fund Regulation (“**MMFR**”) will be replaced with “the MMFR as it applies in England and Wales from time to time including as retained, amended, extended, re-enacted or otherwise given effect on or after 11 pm on 31 December 2020.” The MMFR is a European piece of legislation which will no longer directly apply to the operation of UK money market funds at the end of the Transition Period;
- 3 references to any other existing EU legislation will be subject to the same amendment as listed in paragraphs 1 and 2 above; and
- 4 references to “an EEA State” will be updated to include the UK, i.e. “UK or an EEA State”.

We will aim to issue updated fund documents including these changes as soon as reasonably practicable following the end of the Transition Period. Please note that such amendments are purely technical and will have no impact on the way we manage COIF Charities Deposit Fund.

Yours sincerely

2. The Fund

2.1

The Fund is a Common Deposit Fund established and regulated by the Scheme dated 2 April 2008 and made under Section 25 of the Charities Act 1993, now Section 100 of the Charities Act 2011, as amended by resolutions of the Trustees of the Fund

dated 13 May 2009, 21 July 2014 and 22 July 2014. The Fund follows the rules and valuation process of a short-term LVNAV MMF in accordance with the MMFR.

2.2

The Fund is managed by CCLA Fund Managers Limited as an alternative investment fund in accordance with the FCA Regulations, the MMFR and the AIFMD Legislation.

2.3

The object of the Fund shall be the provision of a common deposit fund for the deposit of sums of money from time to time by or on behalf of a Depositing Charity provided that the Depositing Charities shall be entitled, subject to the provisions of the Scheme and these Scheme Particulars, to the repayment of the deposit and to the payment of income in accordance with these Scheme Particulars.

3. Investment Objectives

The Fund aims to provide a high level of capital security and a competitive yield.

4. Investment Policy

4.1

The Fund is an actively managed, diversified portfolio of sterling denominated money market deposits and instruments. It will principally invest in sterling denominated Call Accounts, Term Deposits and Money Market Instruments, but may invest in other assets.

4.2

The Fund follows a client-driven ethical investment policy.

5. Comparator Benchmark

LIBID 7 Day Rate, or a similar short-term measure which may replace or succeed it from time to time.

With effect from 1 January 2021, the comparator benchmark will be replaced by the Sterling Overnight Index Average

(SONIA). This index was chosen as it is widely used in the banking and investment industries and meets accepted international standards of best practice.

6. Suitability

The Fund is suitable for all of a charity's short-term investments where they are seeking a high level of capital security and a competitive yield.

7. Investment Powers

The Manager shall comply with the investment powers and restrictions set out in the Scheme and the MMFR, as applicable to the Fund, and summarised in Appendix A.

8. Eligible Assets

The Fund may only invest in the category of assets set out in paragraph 1 of Appendix A.

9. Custody of Assets

9.1

The deposits placed with financial institutions are held by the Trustee, in its capacity as Depository, in the name of the COIF Charities Deposit Fund. In the event that the Manager elects to invest in money market securities, the Board has authorised the appointment of the Custodian to hold such securities.

9.2

There may be a risk of a loss where the Scheme Property is held in custody that could result from insolvency, negligence or fraudulent action of the Custodian or sub-custodian.

10. Valuation

10.1

The Scheme Property will be valued in accordance with the valuation procedure set out in Appendix B.

10.2

As the Fund follows the LVNAV MMF

methodology, the Manager will generally determine the value of total deposits of the Fund as equal to the constant NAV. For the purposes of valuation and pricing, the Manager is required to treat the deposits of Depositing Charities as if they were unitised. When carrying out these calculations on a unitised basis, where the actual NAV per 'unit' deviates from the constant NAV per 'unit' by more than 0.20% (the "Collar"), the Manager shall give notice to the Depositing Charity holding such 'unit' in the Fund that:

10.2.1

if the value of such 'unit' has decreased by more than the Collar, the Manager will compulsorily reduce the value of the Depositing Charity's deposit; or

10.2.2

if the value of such 'unit' has increased by more than the Collar, the Manager will compulsorily increase the value of the Depositing Charity's deposit,

in each case so the value of the 'unit' is equal to an amount representing the actual NAV per 'unit', calculated in accordance with paragraph 2 of Appendix B.

11. Credit quality assessment

11.1

The Manager has procedures in place, in accordance with the MMFR, to determine whether the credit quality of a Money Market Instrument receives a favourable assessment.

11.2

In carrying out its credit quality assessment, the Manager takes into account at least the following factors and general principles:

11.2.1

the quantification of the credit risk of the issuer and of the relative risk of default of the issuer and of the instrument;

11.2.2

qualitative indicators on the issuer of the instrument, including in the light of the macroeconomic and financial market

situation;

11.2.3

the short-term nature of Money Market Instruments;

11.2.4

the asset class of the instrument;

11.2.5

the type of issuer distinguishing at least the following types of issuers: national, regional or local administrations, financial corporations, and non-financial corporations;

11.2.6

for structured financial instruments, the operational and counterparty risk inherent within the structured financial transaction and, in case of exposure to securitisations, the credit risk of the issuer, the structure of the securitisation and the credit risk of the underlying assets; and

11.2.7

the liquidity profile of the instrument.

11.3

The Manager shall review its procedures on at least an annual basis to ensure that they are in line with regulatory requirements and market practices and that they remain valid and appropriate for the Fund.

12. Changes to Investment Objectives and Policy

12.1

The Board may only alter the Fund's investment objective and, subject to approval by the Board, the Manager may only alter the investment policy in accordance with the provisions in these Scheme Particulars and the MMFR.

12.2

Where it is proposed that the investment objective or policy of the Fund be altered and the Board or the Manager (as appropriate) reasonably considers that such an alteration would be considered a "fundamental change" within the meaning

in the Sourcebook such an alteration may only be made following prior approval from the Depositing Charities by way of an extraordinary resolution.

12.3

Where it is proposed that the investment objective or policy of the Fund be altered and the Board or the Manager (as appropriate) reasonably considers that such an alteration would be considered a "significant change" within the meaning in the Sourcebook such an alteration may only be made following the provision of 60 days' prior written notice to Depositing Charities.

12.4

By way of guidance, the Board and/or the Manager (as appropriate) may consider the change to be "significant" rather than "fundamental" where:

12.4.1

the proposed alterations do not alter the risk profile of the Fund;

12.4.2

there is no change to the nature or purpose of the Fund; and

12.4.3

the Depositing Charities are not materially prejudiced by the proposed change.

12.5

In certain limited circumstances the Board and/or the Manager (as appropriate) may decide that very minor changes to the investment policy and/or objective of the Fund (for example, those aimed at clarification of the investment objective and/or policy) would be considered a "notifiable change" within the meaning in the Sourcebook. Such alterations may be made by providing Depositing Charities with access to an updated copy of these Scheme Particulars. All current schemes are available on www.ccla.co.uk or by request please contact our Client Services department on 0800 022 3505.

13. Leverage

13.1

Under the AIFMD legislation the Manager is required to disclose in what circumstances and how the Manager may use leverage as defined by the AIFMD Legislation (Leverage) in respect of the Fund and maximum level of Leverage permitted.

13.2

The Manager is not permitted to use Leverage under the Scheme and the MMFR. As a result no further Leverage disclosures are made.

14. The Board - Duties and Responsibilities

14.1

The Fund is subject to oversight by the Board, which has been assigned certain duties, details of which are set out in the Scheme. It meets regularly to receive reports and monitor the progress of the Fund.

14.2

The duties of the Board include (but are not limited to):

14.2.1

making an annual report regarding the discharge of its responsibilities;

14.2.2

a duty to inform the Charity Commission promptly and in writing if the Board is not satisfied as to the compliance of the Trustee or the Manager with the Scheme or these Scheme Particulars; and

14.2.3

a duty to inform the FCA promptly and in writing if the Board is not satisfied as to the compliance of the Trustee or the Manager with the applicable provisions of the AIFMD Legislation or the MMFR.

14.3

The Board is made up of individuals who together have wide experience of finance, investments, charities and the law. A non-

executive director of the Investment Manager (or an associate) is entitled to be a member of the Board. No Board member is required to be authorised by the FCA, in relation to their capacity as a member of the Board, because no Board member offers investment advice or conducts investment business in relation to the Fund.

14.4

In safeguarding the interests of Depositing Charities the Board has a number of responsibilities which include setting and subsequently advising on the Investment Objective of the Fund, monitoring performance, the appointment and discharge of the Manager and the Trustee, appointing the Auditor to the Fund, and agreeing the fees charged by the Trustee, the Manager and the Auditor. Prior to the Trustee making any written declaration that the Fund is to be wound up, the Trustee must serve on the Board a notice of the Trustee's intention to wind up the Fund and consider the Board's representations (if any).

14.5

To the extent of those duties and powers specified in the Scheme, the Board members are charity trustees within the meaning of the Charities Act 2011.

14.6

The Board members are entitled to be paid out of the Scheme Property any reasonable costs and expenses incurred by them in carrying out their duties as a member of the Board. Such reasonable costs and expenses may be drawn from the Fund. The Manager currently pays the reasonable costs and expenses of the Board members and intends to continue to do so for the foreseeable future.

15. The Trustee

15.1

HSBC Bank plc is the Trustee of the Fund. HSBC Bank plc is a public limited company incorporated in England and Wales with company registration number 00014259

with its registered and head office at 8 Canada Square, London E14 5HQ. It is a wholly owned subsidiary of HSBC Holdings plc.

15.2

The Trustee also acts as the depositary of the Fund for the purposes of and in compliance with the AIFMD Legislation and any other applicable national implementing measures in the United Kingdom including, without limitation, the FCA Regulations.

15.3

The Trustee is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority in the conduct of its investment business in the United Kingdom, including the provision of trustee and depositary services.

16. Terms of appointment of Trustee

16.1

The Trustee is appointed pursuant to the Scheme to act as a trustee of the Fund and is also appointed under a Depositary Services Agreement in place between the Trustee, the Manager and the Board which contains provisions dealing with the specific duties of the Trustee as depositary pursuant to the AIFMD Legislation.

16.2

The main duties of the Trustee are as set out in the Scheme. In its capacity as depositary, it has certain duties under the AIFMD Legislation which are to provide safekeeping of all financial instruments that can be physically delivered to the Depositary, oversight, cashflow monitoring and asset verification services and maintaining appropriate records in respect of the Scheme Property and other agreed services in accordance with the provisions of the applicable FCA Regulations, the AIFMD Legislation and the Scheme. The Depositary shall also ensure that all payments made by or on behalf of applicants upon the subscription to the Fund have been received.

16.3

The Depositary's duties also include the following:

16.3.1

Ensuring that issues, creations, redemptions and cancellations within the Fund are carried out in accordance with the applicable law and the Scheme.

16.3.2

Ensuring that the value of the Fund is calculated in accordance with the applicable laws and the Scheme.

16.3.3

Carrying out the instructions of the Manager, unless they conflict with the applicable law or the Scheme.

16.3.4

Ensuring that transactions involving the Fund's assets and any consideration due is remitted to the Fund within the usual time limits.

16.3.5

Ensuring the Fund's income is applied in accordance with applicable law and the Scheme.

16.4

In accordance with the FCA Regulations and the AIFMD Legislation, the Trustee may, pursuant to the Depositary Services Agreement and with the agreement of the Manager, delegate the provision of custody services in relation to the Fund. Safekeeping functions may be delegated to one or more sub-custodians on the terms set out in the Depositary Services Agreement and the Trustee will act with reasonable skill, care and diligence in the discharge of its duties. The liability of the Trustee as depositary under the Depositary Services Agreement shall not be affected by the fact that it has entrusted to a third party some or all of the assets in its safekeeping. The Trustee has currently not delegated the provision of custody services and therefore HSBC Bank plc also acts as Custodian of the Scheme Property.

16.5

The fees to which the Trustee is entitled are set out in these Scheme Particulars.

16.6

Under the Depositary Services Agreement, the Trustee's appointment may be terminated on 90 days' written notice, and in addition, under the Scheme the Board may terminate the Trustee's appointment by serving written notice on it, provided that the Depositary Services Agreement shall not terminate until a replacement depositary is appointed.

17. Liability of the Depositary under the Depositary Services Agreement

17.1

Subject to the paragraph below, pursuant to the Depositary Services Agreement, the Depositary will be liable for loss of assets in custody (i.e. those assets, being financial instruments under the AIFMD Legislation, which are required to be held in custody pursuant to the AIFMD Legislation) or in the custody of any sub-custodian (should such sub-custodian be appointed) unless that loss has arisen as a result of an external event beyond its control, the consequences of which would have been unavoidable despite all reasonable efforts to the contrary, or where the asset which is lost was held by a sub-custodian appointed in accordance with the Depositary Services Agreement and the transfer of liability from the Trustee to the sub-custodian has been expressly agreed.

17.2

The Manager will disclose to potential Depositing Charities before they deposit in the Fund any arrangement made by the Trustee to contractually discharge itself of liability in accordance with the AIFMD Legislation. Currently, it is not envisaged that the Trustee will seek to contractually discharge itself of liability under any circumstances, and so it is not expected that this requirement under the AIFMD Legislation will be applicable to the Fund. In

the event that there are any changes to the Trustee's liability under the AIFMD Legislation, the Manager will inform Depositing Charities of such changes without delay.

17.3

However, the Trustee shall not be liable for any indirect, special or consequential losses.

18. Trustee Conflicts of Interest

Potential conflicts of interest may arise from time to time from the provision by the Trustee and/or its affiliates of other services to the Fund, the Manager, the Investment Manager and/ or other parties. Where a conflict or potential conflict of interest arises, the Trustee will have regard to its obligations to the Fund and/or the Manager and will treat fairly the Fund, the Manager and the other funds for which it acts, so far as is practicable. Such potential conflicts of interest are identified, managed and monitored in various other ways including, the hierarchical and functional separation of HSBC's depository functions from its other potentially conflicting roles and by the Trustee adhering to its "Conflicts of Interest Policy" (a copy of which can be obtained on request from the Head of Compliance for the Trustee).

19. Remuneration and Expenses of the Trustee

19.1

The Scheme provides for the remuneration of the Trustee out of the property of the Fund by way of a periodic charge (plus VAT, if applicable and if any), and the reimbursement of expenses (including VAT, if applicable and if any) properly incurred by the Trustee. The rate of the Trustee's periodic charge is to be agreed in writing with the Board from time to time.

19.2.7

such other duties as the Trustee is required or empowered by law to perform.

19.3

The maximum periodic charge that may be made by the Trustee, subject to the prior written approval of the Charity Commission, is 0.01% per annum, (plus VAT if applicable and if any), of the value of the property of the Fund.

19.4

The actual periodic charge agreed with the Board is: 0.001875% per annum on all assets.

19.5

The periodic charge (plus VAT if applicable and if any), accrues daily to the Scheme Property and is payable monthly in arrears.

19.6

Any increase in the actual or maximum amount of the periodic charge made by the Trustee shall be subject to:

19.6.1

notice of at least 90 days being given to the Depositing Charities;

19.6.2

the prior written agreement of the Board; and

19.6.3

the prior written approval of the Charity Commission.

In addition, the Register may also contain the following particulars: details of the nominee company acting on behalf of the depositing charity; client designation; bank account details for the remittance of income and withdrawals; authorised alternate signatory(ies) and the number of signatures required. 28.5.2
Higher yields may apply to accounts with large balances (typically accounts with balances of £15 million and over) at the Manager's discretion. In this instance, the points at which a higher yield apply and the differential between the standard yield and

the higher yield may vary from time to time.

A charity must notify the Manager of any change in its authorised correspondent.

32. Depositing Charities' Meetings

32.1

Any meeting of Depositing Charities shall be held in accordance with the Sourcebook (as amended or replaced from time to time), and all the provisions of the Sourcebook shall apply to such meetings. A meeting of Depositing Charities of the Fund duly convened and held by the Board Members may vote on a resolution:

Proof of identity may sometimes be required either when accepting or releasing Deposits from time to time, even of existing depositors. The Manager may freeze or return Deposits until the necessary evidence of identity can be obtained. satisfaction of the Depositing Charity. The address and telephone number of the FOS is shown in Appendix D of this document.

35.4

A copy of the Manager's complaints policy is available on www.ccla.co.uk.

36. Risk Warning

36.1

The Manager undertakes to exercise reasonable care in its placing of deposits with a selected list of counterparties but it cannot give guarantees regarding repayment of deposits. The Daily Yield on the Fund is variable and past performance is no guarantee of future returns. Deposits in the Fund are not covered by the Financial Services Compensation Scheme.

36.2

A deposit in the Fund is not a guaranteed investment. A deposit in the Fund is different from an investment in deposits, as the amount invested in the Fund is capable of fluctuation. The Fund does not rely on external support for guaranteeing the liquidity of the Fund or stabilising the net asset value of its assets. The risk of loss of the amount deposited shall be borne by the Depositing Charity.

37. Risk management process and liquidity management

37.1

The Manager employs a risk management process, including the use of appropriate stress testing procedures, which enables it to identify measure, manage and monitor at any time the relevant risks of the positions to which the Fund is or may be exposed and their contribution to the overall risk profile of the Fund. This is set out in more detail in paragraph 1 of Appendix C.

37.2

The Manager maintains a liquidity management process to monitor the liquidity risk of the Fund, which includes, among other tools and methods of

measurement, the use of stress tests under both normal and exceptional liquidity conditions. This is set out in more detail in paragraph 2 of Appendix C.

37.3

The liquidity management systems and procedures allow the Manager to apply various tools and arrangements necessary to ensure that the Fund is sufficiently liquid to respond appropriately to repayment requests. In normal circumstances, repayment requests will be processed as set out in these Scheme Particulars.

37.4

Other arrangements may also be used in response to repayment requests, including, in extreme cases, temporary suspension which, if activated, will restrict the repayment rights investors benefit from in normal circumstances as set out in these Scheme Particulars.

38. Compensation

38.1

The Manager will pay fair compensation on eligible claims arising from its negligence or error in the management and administration of the Fund. The Manager will not be liable for any loss arising where it has acted on the instructions of the Authorised Correspondent and/or any additional signatory authorised for the time being properly notified to it.

38.2

As the Fund is structured as an unregulated fund, it is not covered by the Financial Services Compensation Scheme. However, some of the Manager's activities are covered and should the Manager be unable to meet all its liabilities to Depositing Charities, compensation may be available to eligible Depositing Charities. The maximum level of compensation payable by the Financial Services Compensation Scheme for a claim is £50,000 (£85,000 from 1 April 2019) per Fund. Charity. All rights and obligations to Depositing Charities are set out in the Scheme and these Scheme Particulars.

The Manager has established fair and transparent calculation of yield models and valuation systems and procedures for the Scheme Property and endeavours to ensure that there are no undue costs being charged to the Fund and the Depositing Charities.

4. Government and Public Securities

4.1

By way of derogation from paragraph 3.1.1 above, the Fund may invest, in accordance with the principle of risk-spreading, up to 100% of its assets in different money market instruments issued or guaranteed separately or jointly by the Union, the national, regional and local administrations of the Member States or their central banks, the European Central Bank, the European Investment Bank, the European Investment Fund, the European Stability Mechanism, the European Financial Stability Facility, a central authority or central bank of a third country, the International Monetary Fund, the International Bank for Reconstruction and Development, the Council of Europe Development Bank, the European Bank for Reconstruction and Development, the Bank for International Settlements, or any other relevant international financial institution or organisation to which one or more Member States belong. For the Fund, such securities are restricted to government and public securities issued by or on behalf of or guaranteed by the government of the United Kingdom.

4.2

Paragraph 4.1 above shall only apply where all of the following requirements are met:

4.2.1

the Fund holds money market instruments from at least six different issues by the issuer;

4.2.2

the Fund limits the investment in money market instruments from the same issue to a maximum of 30% of its assets;

4.2.3

the Fund makes express reference, in its Scheme Particulars or Scheme, to all administrations, institutions or organisations referred to in the paragraph 4.1 that issue or guarantee separately or jointly money market instruments in which it intends to invest more than 5% of its assets; and

4.2.4

the Fund includes a prominent statement in its Scheme Particulars and marketing communications drawing attention to the use of the derogation and indicating all administrations, institutions or organisation referred to in paragraph 4.1 that issue or guarantee separately or jointly money market instruments in which it intends to invest more than 5% of its assets.

5. Concentration

5.1

The Fund may not hold more than 10% of the Money Market Instruments issued by a single body.

5.2

The limit set out in paragraph 5.1 above shall not apply in respect of holdings of Money Market Instruments issued or guaranteed by the European Union, national, regional and local administrations of the EEA States or their central banks, the European Central Bank, the European Investment Bank, the European Investment Fund, the European Stability Mechanism, the European Financial Stability Facility, a central authority or central bank of a third country, the International Monetary Fund, the International Bank for Reconstruction

and Development, the Council of Europe Development Bank, the European Bank for Reconstruction and Development, the Bank for International Settlements, or any other relevant international financial institution or organisation to which one or more Member States belong.

6. Portfolio rules for the Fund

6.1

The Fund must comply on an ongoing basis with the following:

6.1.1

its portfolio is to have a weighted average maturity ("WAM") of no more than 60 days;

6.1.2

its portfolio is to have a WAL of no more than 120 days;

6.1.3

at least 10% of its Scheme Property must be comprised of daily maturing assets, reverse repurchase agreements which are able to be terminated by giving prior notice of one working day, or cash which is able to be withdrawn by giving prior notice of one working day.

The Fund may not acquire any asset other than a daily maturing asset if its acquisition would result in the Fund investing less than 10% of its Scheme Property in daily maturing assets;

6.1.4

at least 30% of its assets must be comprised of weekly maturing assets, reverse repurchase agreements which are able to be terminated by giving prior notice of five working days, or cash which is able to be withdrawn by giving prior notice of five working days. The Fund is not to acquire any asset other than a weekly maturing asset if its acquisition would result in the Fund investing less than 30% of its Scheme Property in weekly maturing assets.

6.2

For the purpose of the calculation referred to in paragraph 6.1.4 above, assets referred

to in paragraph 4.1 which are highly liquid and can be withdrawn and settled within one working day and have a residual maturity of up to 190 days may also be included within the weekly maturing assets of the Fund, up to a limit of 17.5 % of its assets.

6.3

For the purposes of paragraph 6.1.2 above, when calculating the WAL for securities, including structured financial instruments, the Fund shall base the maturity calculation on the residual maturity until the legal redemption of the instruments. However, in the event that a financial instrument embeds a put option, the Fund may base the maturity calculation on the exercise date of the put option instead of the residual maturity, but only if all of the following conditions are fulfilled at all times:

6.3.1

the put option is able to be freely exercised by the Fund at its exercise date;

6.3.2

the strike price of the put option remains close to the expected value of the instrument at the exercise date; and

6.3.3

the investment strategy of the Fund implies that there is a high probability that the option will be exercised at the exercise date.

APPENDIX B - Valuation

1. Valuation of the Fund

1.1

The Scheme Property shall be valued on at least a daily basis.

1.2

The Scheme Property shall be valued by using mark-to-market whenever possible.

1.3

When using mark- to-market:

1.3.1

the asset of the Fund shall be valued at the more prudent side of bid and offer unless the asset can be closed out at mid-market;

1.3.2

only good quality market data shall be used; such data shall be assessed on the basis of all of the following factors:

1.3.2.1

the number and quality of the counterparties;

1.3.2.2

the volume and turnover in the market of the asset of the Fund;

1.3.2.3

the issue size and the portion of the issue that the Fund plans to buy or sell.

1.4

Where use of mark-to-market is not possible or the market data is not of sufficient quality, an asset of the Fund shall be valued conservatively by using mark-to-model.

The model shall accurately estimate the intrinsic value of the asset of the Fund, based on all of the following up-to-date key factors:

1.4.1

the volume and turnover in the market of that asset;

1.4.2

the issue size and the portion of the issue that the Fund plans to buy or sell;

1.4.3

market risk, interest rate risk, credit risk attached to the asset.

When using mark-to-model, the amortised cost method shall not be used.

1.5

By way of derogation from paragraphs 1.2 and 1.4, in addition to the mark-to-market referred to in paragraphs 1.2 and 1.3 and the mark-to-model referred to in paragraph 1.4, the Scheme Property that have a residual maturity of up to 75 days may be valued by using the amortised cost method.

The amortised cost method shall only be used for valuing an asset of the Fund in circumstances where the price of that asset calculated using mark-to-market or mark-to-model (in accordance with paragraphs 1.2, 1.3 and 1.4 above) does not deviate from the price of that asset calculated in accordance with the amortised cost method by more than 10 basis points. In the event of such a deviation, the price of that asset shall be calculated in accordance with paragraphs 1.2, 1.3 and 1.4.

1.6

A valuation carried out in accordance with paragraphs 1.2 to 1.5 above shall be communicated to the FCA.

2. Calculation of NAV per 'unit'

2.1

For administration purposes, the Fund shall calculate a NAV per 'unit' as the difference between the sum of all the Scheme Property and the sum of all liabilities of the Fund valued in accordance with mark-to-market or mark-to-model, or both, divided by the number of outstanding 'units' of the Fund.

2.2

The NAV per 'unit' shall be rounded up or down to the nearest basis point or its equivalent when the NAV is published in a currency unit.

2.3

The NAV per 'unit' of the Fund shall be calculated and published at least daily on the public section of the website of the Investment Manager.

3. Calculation of the constant NAV per 'unit' of the Fund

3.1

For administrative purposes the Fund shall calculate a constant NAV per 'unit' as the difference between the sum of all of its assets valued in accordance with the amortised cost method as specified in paragraph 1.5 of this Appendix and the sum of all its liabilities, divided by the number of its outstanding 'units'.

3.2

The constant NAV per 'unit' of the Fund shall be rounded to the nearest percentage point or its equivalent when the constant NAV is published in a currency unit.

3.3

The constant NAV per 'unit' of the Fund shall be calculated at least daily.

3.4

The difference between the constant NAV per 'unit' and the NAV per 'unit' calculated in accordance with paragraph 2 above shall be monitored and published daily on the public section of the website of the Fund.

4. Deposit and withdrawal price

4.1

The 'units' of the Fund shall be subscribed and withdrawn at a price that is equal to the Fund's constant NAV per 'unit' but only where the actual NAV per unit does not deviate from the constant NAV per 'unit' by more than 0.20%.

4.2

In relation to paragraph 4.1 above, where the actual NAV per 'unit' deviates from the constant NAV per 'unit' by more than 0.20%, the following deposit or withdrawal shall be undertaken at a price that is equal to the actual NAV per 'unit'.

APPENDIX C - Liquidity management and stress testing

1. Stress testing

1.1

The Fund has in place sound stress testing processes that identify possible events or future changes in economic conditions which could have unfavourable effects on the Fund. The Fund or the Manager shall assess the possible impact that those events or changes could have on the Fund. The Fund or the Manager shall regularly conduct stress testing for different possible scenarios.

1.2

The stress tests shall be based on objective criteria and consider the effects of severe plausible scenarios. The stress test scenarios shall at least take into consideration reference parameters that include the following factors:

1.2.1

hypothetical changes in the level of liquidity of the assets held in the portfolio of the Fund;

1.2.2

hypothetical changes in the level of credit risk of the assets held in the portfolio of the Fund, including credit events and rating events;

1.2.3

hypothetical movements of the interest rates and exchange rates;

1.2.4

hypothetical levels of redemption;

1.2.5

hypothetical widening or narrowing of spreads among indices to which interest rates of portfolio securities are tied; and

1.2.6

hypothetical macro systemic shocks affecting the economy as a whole.

1.3

The stress tests shall estimate for different scenarios the difference between the

constant NAV per 'unit' and the NAV per 'unit'.

1.4

Stress tests shall be conducted at a frequency determined by the board of directors of the Fund, where applicable, or the board of directors of the Manager, after considering what an appropriate and reasonable interval in light of the market conditions is and after considering any envisaged changes in the portfolio of the Fund. Such frequency shall be at least bi-annual.

1.5

Where the stress test reveals any vulnerability of the Fund, the Manager shall draw up an extensive report with the results of the stress testing and a proposed action plan.

1.6

Where necessary, the Manager shall take action to strengthen the robustness of the Fund, including actions that reinforce the liquidity or the quality of the Scheme Property and shall immediately inform the competent authority of the Fund of the measures taken.

2. Liquidity management

2.1

The Manager applies a prudent and rigorous liquidity management procedure for ensuring compliance with the weekly liquidity thresholds applicable to the Fund under the MMFR.

2.2

In ensuring compliance with the weekly liquidity thresholds, the following shall apply:

2.2.1

whenever the proportion of weekly maturing assets as set out in paragraph 6.1.4 of Appendix A falls below 30 % of the total Scheme Property and the net daily redemptions on a single working day

exceed 10 % of total assets, the Manager shall immediately inform its board thereof and the board shall undertake a documented assessment of the situation to determine the appropriate course of action having regard to the interests of the investors and shall decide whether to apply one or more of the following measures:

2.2.1.1

liquidity fees on redemptions that adequately reflect the cost to the Fund of achieving liquidity and ensure that investors who remain in the fund are not unfairly disadvantaged when other investors withdraw their 'units' during the period;

2.2.1.2

withdrawal gates that limit the amount of 'units' to be withdrawn on any one working day to a maximum of 10 % of the 'units' in the Fund for any period up to 15 working days;

2.2.1.3

suspension of redemptions for any period up to 15 working days; or

2.2.1.4

take no immediate action other than fulfilling the obligation laid down in Article 24(2);

2.2.2

whenever the proportion of weekly maturing assets as set out in paragraph 6.1.4 of Appendix A falls below 10 % of its total assets, the Manager shall immediately inform its board thereof and the board shall undertake a documented assessment of the situation and, on the basis of such assessment and having regard to the interests of the investors, shall apply one or more of the following measures and document the reasons for its choice:

2.2.2.1

liquidity fees on redemptions that adequately reflect the cost to the Fund of achieving liquidity and ensure that investors who remain in the fund are not unfairly disadvantaged when other investors

withdraw their 'units' during the period;

2.2.2.2

a suspension of withdrawals for a period of up to 15 working days.

2.3

When, within a period of 90 days, the total duration of the suspensions exceeds 15 days, the Fund shall automatically cease to be a LVNAV MMF. The Fund shall immediately inform each investor thereof in writing in a clear and comprehensible way that the Fund has ceased to be an LVNAV MMF and shall provide further information on the Manager's proposed course of action, which may result in operating the Fund as a VNAV MMF or winding up the Fund.

2.4

After the board of the Fund has determined its course of action with regard to both points 2.2.1 and 2.2.2, it shall promptly provide details of its decision to the FCA.
